The Company implemented pricing actions in the United States and certain other international markets in 2022 and continued to implement price increases in certain international markets in the first quarter of 2023, all of which positively impacted gross profit margins.

Gross profit as a percentage of net sales increased on a sequential quarterly basis to 52.8 percent in the 2023 first quarter, from 51.8 percent in the 2022 fourth quarter and 51.3 percent in the 2022 third quarter.

First Quarter Results

Net sales for the 2023 first quarter increased 11.9 percent to \$1.70 billion from \$1.52 billion in the comparable period last year. Net sales on a foreign currency adjusted basis increased 15.3 percent in the 2023 first quarter.

Net sales for the Company's Monster Energy® Drinks segment, which primarily includes the Company's Monster Energy® drinks, Reign Total Body Fuel® high performance energy drinks and Reign Storm® Total Wellness energy drinks, increased 11.2 percent to \$1.56 billion for the 2023 first quarter, from \$1.40 billion for the 2022 first quarter. Net changes in foreign currency exchange rates had an unfavorable impact on net sales for the Monster Energy® Drinks segment of approximately \$49.0 million for the 2023 first quarter. Net sales on a foreign currency adjusted basis for the Monster Energy® Drinks segment increased 14.6 percent in the 2023 first quarter.

Net sales for the Company's Strategic Brands segment, which primarily includes the various energy drink brands originally acquired from The Coca-Cola Company, as well as the Company's affordable energy brands, decreased 6.7 percent to \$86.4 million for the 2023 first quarter, from \$92.6 million in the 2022 first quarter. Net changes in foreign currency exchange rates had an unfavorable impact on net sales for the Strategic Brands segment of approximately \$3.0 million for the 2023 first quarter. Net sales on a foreign currency adjusted basis for the Strategic Brands segment decreased 3.5 percent in the 2023 first quarter.

Net sales for the Alcohol Brands segment which is comprised of The Beast Unleashed™, as well as the various craft beers and hard seltzers purchased as part of the CANarchy transaction on February 17, 2022, increased 204.4 percent to \$46.3 million for the 2023 first quarter, from \$15.2 million in the 2022 first quarter.

Net sales for the Company's Other segment, which includes certain products of American Fruits and Flavors, LLC, a wholly owned subsidiary of the Company, sold to independent third-party customers (the "AFF Third-Party Products"), decreased 22.2 percent to \$4.6 million for the 2023 first quarter, from \$5.9 million in the 2022 first quarter.

Net sales to customers outside the United States increased 12.6 percent to \$622.9 million in the 2023 first quarter, from \$553.4 million in the 2022 first quarter. Such sales were approximately 37 percent of total net sales in the 2023 first quarter. Net sales to customers outside the United States, on a foreign currency adjusted basis, increased 21.9 percent in the 2023 first quarter.

Gross profit as a percentage of net sales for the 2023 first quarter was 52.8 percent, compared with 51.1 percent in the 2022 first quarter. The increase in gross profit as a percentage of net sales was primarily the result of pricing actions, decreased freight-in costs and decreased aluminum can costs.

Operating expenses for the 2023 first quarter were \$412.8 million, compared with \$377.2 million in the 2022 first quarter.

Operating expenses as a percentage of net sales for the 2023 first quarter were 24.3 percent, compared with 24.8 percent in the 2022 first quarter.

Distribution expenses for the 2023 first quarter were \$76.3 million, or 4.5 percent of net sales, compared with \$81.4 million, or 5.4 percent of net sales, in the 2022 first quarter.

Selling expenses for the 2023 first quarter were \$149.0 million, or 8.8 percent of net sales, compared with \$130.3 million, or 8.6 percent of net sales, in the 2022 first quarter.

Operating income for the 2023 first quarter was \$485.1 million, compared with \$399.5 million in the 2022 first quarter.

The effective tax rate for the 2023 first quarter was 20.1 percent, compared with 25.0 percent in the 2022 first quarter. The decrease in the effective tax rate was primarily attributable to the increase in the stock compensation deduction in the 2023 first quarter.

Net income for the 2023 first quarter increased 35.1 percent to \$397.4 million, from \$294.2 million in the 2022 first quarter. Net income per diluted share for the 2023 first quarter increased 36.6 percent to \$0.38, from \$0.27 in the first quarter of 2022.

Hilton H. Schlosberg, Vice Chairman and Co-Chief Executive Officer, said: "The energy drink market continues to expand on a global basis. We are pleased to report another quarter of continued revenue growth with record sales for our first fiscal quarter, although the quarter was again adversely impacted by the strength of the United States dollar.

"Gross profit margin percentages continued to increase on a sequential quarterly basis, primarily as a result of pricing actions, decreased freight-in costs and decreased aluminum can costs, as well as the moderation of certain other challenges in our supply chain. The increases in certain ingredients and other input costs, as well as co-packing fees, remain challenging.

"Internationally, certain price increases were implemented during the 2023 first quarter, with additional price increases planned in a number of other markets during the remainder of the year. In certain markets, such increases are in addition to price increases implemented in 2022. In the United States, we took an additional price increase on our 18.6 oz and 24 oz energy drinks, effective April 1, 2023.

"We are proud to record market leadership for our portfolio of brands in a number of international markets.

"We are also planning to transition the Monster brand to the Coca-Cola distribution system in the Philippines," Schlosberg added.

Rodney C. Sacks, Chairman and Co-Chief Executive Officer, said: "We had a very active first quarter with new product innovation launches. In the United States, we launched Monster Energy® Zero Sugar nationally at retail in January, as well as Monster Energy® Ultra Strawberry Dreams, Monster® (stylized) Reserve Kiwi Strawberry, Monster Energy® Nitro Cosmic Peach and Java Monster® Caffè Latte in the quarter. In March, we launched Reign Storm®, which is positioned as a total wellness energy drink, in 12 oz sleek cans at retail in four flavors, to address a compelling opportunity in the energy drink category.

"During the first quarter, we initially launched our first flavored malt beverage alcohol product, The Beast Unleashed™ in six states. The Beast Unleashed™ contains six percent alcohol by volume and is available in four flavors. We are pleased with the early results of the launch and are continuing to expand distribution into additional markets, with the goal of being national by the end of the year. In addition, towards the end of the first quarter, we commenced our phased launch of Monster® Tour Water™, a pure unflavored water line, in still and sparkling variants, in certain targeted accounts in the United States.

"In EMEA, as part of an ongoing pan-EMEA launch, we commenced distribution of Monster Energy® Lewis Hamilton 44 Zero Sugar. We also launched Fury, one of our affordable energy brands, in Egypt in the quarter.

"Our innovation pipeline of both alcoholic and non-alcoholic beverages continues to be robust," Sacks added.
