ITEM 1. BUSINESS

Overview

Hansen Natural Corporation was incorporated in Delaware on April 25, 1990. Its principal place of business is at 1010 Railroad Street, Corona, California 92882 and its telephone number is (951) 739-6200. When this report uses the words "Hansen", "HBC", "the Company", "we", "us", and "our", these words refer to Hansen Natural Corporation and our subsidiaries other than Hard e Beverage Company ("HEB"), unless the context otherwise requires.

We are a holding company and carry on no operating business except through our direct wholly owned subsidiaries, Hansen Beverage Company ("HBC") which was incorporated in Delaware on June 8, 1992, and HEB, formerly known as Hard Energy Company, and previously known as CVI Ventures, Inc., which was incorporated in Delaware on April 30, 1990. HBC generates substantially all of our operating revenues.

Corporate History

In the 1930's, Hubert Hansen and his three sons started a business to sell fresh non-pasteurized juices in Los Angeles, California. This business eventually became Hansen's Juices, Inc., which subsequently became known as The Fresh Juice Company of California, Inc. ("FJC"). FJC retained the right to market and sell fresh non-pasteurized juices under the Hansen trademark. In 1977, Tim Hansen, one of the grandsons of Hubert Hansen, perceived a demand for pasteurized natural juices and juice blends that are shelf stable and formed Hansen Foods, Inc. ("HFI"). HFI expanded its product line from juices to include

Hansen's(r) Natural Sodas. California Co-Packers Corporation (d/b/a/ Hansen Beverage Company) ("CCC") acquired certain assets of HFI, including the right to market the Hansen's(r) brand name, in January 1990. On July 27, 1992, HBC acquired the Hansen's(r) brand natural soda and apple juice business from CCC. Under our ownership, the Hansen beverage business has significantly expanded and includes a wide range of beverages within the growing "alternative" beverage category. In September 1999 we acquired all of FJC's rights to manufacture, sell and distribute fresh non-pasteurized juice products under the Hansen's(r) trademark together with certain additional rights. In 2000, HBC, through its wholly-owned subsidiary, Blue Sky Natural Beverage Co. ("Blue Sky"), which was incorporated in Delaware on September 8, 2000, acquired the natural soda business previously conducted by Blue Sky Natural Beverage Co., a New Mexico corporation ("BSNBC"), under the Blue Sky(r) trademark. In 2001, HBC, through its wholly-owned subsidiary Hansen Junior Juice Company, ("Junior Juice"), which was incorporated in Delaware on May 7, 2001, acquired the Junior Juice business previously conducted by Pasco Juices, Inc. ("Pasco") under the Junior Juice(r) trademark.

Industry Overview

The alternative beverage category combines non-carbonated ready-to-drink iced teas, lemonades, juice cocktails, single serve juices, ready-to-drink iced coffees, energy drinks, sports drinks, soy drinks and single-serve still water (flavored and unflavored) with "new age" beverages, including sodas that are considered natural, sparkling juices and flavored sparkling waters. The alternative beverage category is the fastest growing segment of the beverage marketplace according to Beverage Marketing Corporation. Sales in 2004 for the alternative beverage category of the market are estimated at approximately \$16.3 billion at wholesale, representing a growth rate of approximately 10.7% over the revised estimated wholesale sales in 2003 of approximately \$14.8 billion. Products

We develop, market, sell and distribute "alternative" beverage category natural sodas, fruit juices, energy drinks and energy sports drinks, fruit juice and soy smoothies, "functional drinks", sparkling lemonades and orangeades, non-carbonated ready-to-drink iced teas, lemonades, juice cocktails, children's multi-vitamin juice drinks and non-carbonated lightly flavored energy waters under the Hansen's(r) brand name. We also market, sell and distribute energy drinks under the Monster™ brand name. In addition, we market nutrition food bars under the Hansen's(r) brand name. We also market, sell and distribute, natural sodas, premium natural sodas with supplements, organic natural sodas, seltzer waters and energy drinks under the Blue Sky(r) brand name. Our fruit juices for toddlers are marketed under the Junior Juice(r) brand name.

Natural Sodas. Hansen's natural sodas have been a leading natural soda brand in Southern California for the past 25 years. In 2004, according to Information Resources, Inc.'s Analyzer Reports for California, our natural sodas recorded the highest sales among comparable carbonated new age category beverages measured by unit volume in the California market. Our natural sodas are available in thirteen regular flavors consisting of mandarin lime, key lime, grapefruit, raspberry, creamy root beer, vanilla cola, cherry vanilla creme, orange mango, kiwi strawberry, tropical passion, black cherry, ginger ale and tangerine. In early 2001, we introduced a new line of diet sodas using Splenda(r) sweetener as the primary sweetener. We initially introduced this line in four flavors: peach, black cherry, tangerine lime, and kiwi strawberry and have since added two additional flavors, ginger ale and creamy root beer. Our natural sodas contain no preservatives, sodium, caffeine or artificial coloring and are made with high quality natural flavors, citric acid and high fructose corn syrup or, in the case of diet sodas, with Splenda(r) and Acesulfame-K. We package our natural sodas in 12-ounce aluminum cans. In 2002, we introduced a line of natural mixers in 8-ounce aluminum cans comprising club soda, tonic water and ginger ale.

In January 1999, we introduced a premium line of Signature Sodas in unique proprietary 14-ounce glass bottles. This line was marketed under the Hansen's(r) brand name, primarily through our distributor network, in six flavors. In early 2003 we repositioned this line into lower cost 12-ounce glass packaging to market our repositioned Signature Soda line at lower price points directly to our retail customers such as grocery chains, club stores, specialty retail chains and mass merchandisers and to the health food sector through specialty

and health food distributors (collectively referred to as our "direct retail customers"). Signature Soda is available in 12-ounce glass bottles in five flavors: orange creme, vanilla creme, ginger beer, sarsaparilla and black cherry.

In September 2000, we acquired the Blue Sky Natural Soda business from BSNBC. Our Blue Sky product line comprises natural sodas, premium sodas, organic natural sodas, seltzer water, energy drinks and tea sodas. Blue Sky(r) natural sodas are available in thirteen regular flavors consisting of lemon lime, grapefruit, cola, root beer, raspberry, cherry vanilla creme, truly orange, Jamaican ginger ale, black cherry, orange creme, Dr. Becker, grape and private reserve cream soda. We also offer a Blue Sky(r) product line, a premium line of natural sodas which contain supplements such as ginseng. This line is available in six flavors consisting of ginseng creme, ginseng cola, ginseng root beer, ginseng very berry creme, ginseng ginger ale, and ginseng cranberry-raspberry. During 1999, Blue Sky(r) introduced a line of organic natural sodas, which are available in six flavors consisting of prime lime cream, new century cola, orange divine, ginger gale, black cherry cherish, and root beer. We also market a seltzer water under the Blue Sky(r) label in three flavors: natural, lime and lemon. In 2002, we introduced a lightly carbonated Blue Sky(r) energy drink in an 8.3-ounce slim can. In 2004 we introduced a new line of Blue Sky natural tea sodas in four flavors consisting of Imperial Lime Green Tea, Peach Mist Green Tea, Pomegranate White Tea and Raspberry Red Tea. The Blue Sky(r) products contain no preservatives, sodium or caffeine (other than the energy drink) or artificial coloring and are made with high quality natural flavors. Blue Sky(r) natural sodas, seltzer waters and tea sodas are all packaged in 12-ounce aluminum cans and are marketed primarily to our direct retail customers.

4

In 2001, we introduced a new line of sparkling lemonades (regular and pink) and orangeades in unique proprietary 1-liter glass bottles and towards the end of 2002, we introduced diet versions of our regular sparkling lemonades and orangeades, also in 1-liter glass bottles. The sparkling lemonades and orangeades contain real juice and pulp. In 2003, we extended this line into unique proprietary 12-ounce glass bottles in both regular and diet versions. This product line is marketed to our direct retail customers. The contract packer who produced these products on our behalf underwent a change of ownership and experienced production difficulties which adversely affected this product line. We expect to reevaluate this product line once production issues are resolved. Additionally, we are currently evaluating alternative packages for this line.

Hansen's Energy Drinks. In 1997, we introduced a lightly carbonated citrus flavored Hansen's(r) energy drink. Our energy drink competes in the "functional" beverage category, namely, beverages that provide a real or perceived benefit in addition to simply delivering refreshment. We offer our energy drink in three versions: original citrus, tropical and wild berry. We also offer additional functional drinks including a ginger flavored d-stress(r) drink, an orange flavored b-well(tm) drink, a guarana berry flavored stamina(r) drink, a grape flavored power drink, and a berry flavored "slim-down" drink that contains no calories. Each of our energy and functional drinks contain different combinations of vitamins, minerals, nutrients, herbs and supplements ("supplements"). Our energy drinks and functional drinks are sold in 8.3-ounce cans and bottles. In 2004 we commenced to offer our Hansen's energy drink in 16-ounce cans as well. In 2001, we introduced Energade(r), a non-carbonated energy sports drink in 23.5-ounce cans in two flavors, citrus and orange, and subsequently introduced a third flavor, red rocker. We also introduced E20 Energy Water(r), a non-carbonated lightly flavored water, in 24-ounce blue polyethylene terephthalate ("P.E.T.") plastic bottles, in four flavors, tangerine, apple, berry and lemon. In 2002, we expanded our E20 Energy Water(r) line with four additional flavors in clear P.E.T. plastic bottles, mango melon, kiwi strawberry, grapefruit and green tea. Our Energade(r) and E20 Energy Water(r) drinks also contain different combinations and levels of supplements. At the end of 2002, we introduced a lightly carbonated diet energy drink in 8.3-ounce cans under the Hansen's(r) Diet Red brand name. Our Diet Red energy drink is sweetened with Splenda and Acesulfame-K. We market our energy, and Energade drinks through our full service distributor network. We market our E20 Energy Water(r) drinks in blue bottles to our direct retail customers. In 2003 we introduced a new carbonated energy drink under the Hansen's(r) Deuce brand name, in a 16-ounce can, but with a different flavor than our existing Hansen's(r) Energy drinks in 8.3-ounce cans.

Monster Energy™ Drinks. In 2002, we launched a new carbonated energy drink

under the Monster Energy™ brand name, in 16-ounce cans, which is almost double the size of our regular energy drinks in 8.3-ounce cans and the vast majority of competitive energy drinks currently on the market. Our Monster Energy™ drink contains different types and levels of supplements than our Hansen's(r) energy drinks and is marketed through our full service distributor network. In 2003, we introduced a low carbohydrate ("Lo-Carb") version of our Monster Energy™ energy drink. In 2004 we introduced 4-packs of our Monster Energy™ drinks including our Lo-Carb version thereof and, towards the end of 2004, we launched a new Monster Energy™ "Assault" (tm) energy drink in 16-ounce cans.

Lost(r) Energy Drinks. In 2004, we launched a new carbonated energy drink under the Lost(r) brand name, in 16-ounce cans. The Lost(r) brand name is owned by Lost International LLC and the drinks are produced, sold and distributed by us under exclusive license from Lost International LLC.

Rumba(tm) Energy Juice. In December 2004, we launched a new non-carbonated energy juice under the Rumba(tm) brand name in 16 ounce cans. Rumba(tm) is a 100% juice product that targets male and female morning beverage consumers and is positioned as a substitute for coffee, caffeinated sodas and 100% orange or other juices.

5

Juice Products and Smoothies. Our fruit juice product line includes Hansen's(r) Natural Old Fashioned Apple Juice which is packaged in 64-ounce P.E.T. plastic bottles and 128-ounce polypropylene bottles and White Grape and Concord Grape and Pomegranate juice, and Apple Strawberry, Apple Grape and Apple Cranberry juice blends, in 64-ounce P.E.T. plastic bottles. These Hansen's(r) juice products contain 100% juice (except Apple Cranberry and Pomegranate which contain 27% juice) as well as Vitamin C. Certain of these products also contain added calcium. Hansen's(r) juice products compete in the shelf-stable juice category. In 2002, we extended our fruit juice and juice blend product line by introducing certain of these products in 10-ounce P.E.T. plastic bottles and in 2003 further extended our fruit juice product line by introducing a 100% Apple Juice in aseptic pouches in a 6.75-ounce size.

In March 1995, we introduced a line of fruit juice smoothie drinks in 11.5-ounce aluminum cans. Certain flavors were subsequently offered in glass and P.E.T. plastic bottles. Hansen's fruit juice smoothies have a smooth texture that is thick but lighter than a nectar. Hansen's smoothies in 11.5-ounce aluminum cans contain approximately 35% juice while the juice levels of Hansen's smoothies in glass and P.E.T. plastic bottles is 25%. Our fruit juice smoothies provide 100% of the recommended daily intake for adults of Vitamins A, C & E and represented Hansen's entry into what is commonly referred to as the "functional" beverage category. Hansen's(r) fruit juice smoothies are available in 15 flavors: strawberry banana, peach berry, mango pineapple, guava strawberry, pineapple coconut, apricot nectar, tropical passion, whipped orange, cranberry twist, as well as the blast line comprising Island Blast, Colada Blast, Power Berry Blast, Vita Blast and Banana Blast. In 2004, we repositioned our cranberry raspberry lite smoothie as part of our new lo-carb line of smoothies. Our lo-carb smoothie line currently consists of peach, mango and cran-raspberry flavors in 12-ounce cans.

In 2001, we introduced a new line of soy smoothies in 32- and 11-ounce aseptic packaging in five flavors: berry splash, tropical breeze, orange dream, lemon chiffon and peach passion. The soy smoothies contain soy protein and fruit juices. During 2004 we discontinued all of our soy smoothies in 32-ounce aseptic packaging and four of the five flavors in 11-ounce aseptic packaging, leaving Berry Splash.

Sparkling Apple Cider. In 2002, we introduced a Sparkling Cider 100% juice drink in a 1.5- liter Magnum glass bottle. However, due to reports of some bottles breaking we promptly voluntarily recalled the product in the fourth quarter of 2003. We are pursuing a claim against the third-party bottler for the costs and losses incurred by us. We will reevaluate relaunching this product once certain production issues are resolved and a suitable co-packer has been identified.

We market the above juice and smoothie products to our direct retail customers.

Iced Teas, Lemonades and Juice Cocktails. We introduced Hansen's(r) ready-to-drink iced teas and lemonades in 1993. Hansen's(r) ready-to-drink iced teas are available in three flavors: Original with Lemon, Tropical Peach and

Wildberry. Lemonades are available in one flavor: Original Old Fashioned Lemonade. Hansen's(r) juice cocktails were introduced in 1994 and are available in three flavors: kiwi strawberry melon, tangerine pineapple with passion fruit, and California paradise punch. We introduced a variety 12 pack of iced teas during the first half of 2001, which experienced limited success. We are continuing to market this package. Hansen's(r) ready-to-drink iced teas, lemonades and juice cocktails were packaged in 16-ounce wide-mouth glass bottles. At the end of 2002, we converted this line from 16-ounce glass bottles to 16-ounce polypropylene bottles.

Hansen's(r) ready-to-drink iced teas are made with decaffeinated tea. Hansen's(r) juice products and smoothies are made with high quality juices and products that contain less than 100% fruit juice are also made with natural flavors, high fructose corn syrup, citric acid and other ingredients.

In 1999, we introduced a line of specialty teas in 20-ounce glass bottles, which we named our "Gold Standard" line. We subsequently introduced two additional green tea flavors as well as two diet green flavors and six juice cocktails. We are discontinuing certain of the specialty teas and all of the juice cocktails but are continuing to market three regular green tea flavors and the diet peach green tea flavor. Our Gold Standard line contains supplements, but at lower levels than in our functional drinks. We continue to package our Gold Standard Line in unique 20-ounce glass bottles. We discontinued marketing green tea and original tea with lemon in 10.14-ounce aseptic packages.

6

Juices for Children. In 1999, we introduced two new lines of children's multi-vitamin juice drinks in 8.45-ounce aseptic packages. Each drink contains eleven essential vitamins and six essential minerals. Each line has three flavors. We introduce new flavors in place of existing flavors from time to time. One of these two lines is a dual-branded 100% juice line named "Juice Blast(r)" that was launched in conjunction with Costco Wholesale Corporation ("Costco") and is sold nationally through Costco stores. The other line was a 10% juice line named "Hansen's Natural Multi-Vitamin Juice Slam(r)" that was available to all of our customers. During 2000, we repositioned that line as a 100% juice line under the Juice Slam(r) name and are marketing that line to grocery store chain customers, the health food trade, and other customers. Both the Juice Blast(r) and Juice Slam(r) lines are marketed in 6.75-ounce aseptic packages.

In May 2001, we acquired the Junior Juice(r) beverage business. The Junior Juice(r) product line is comprised of seven flavors of 100% juice in 4.23-ounce aseptic packages and is targeted at toddlers. Six flavors of the Junior Juice(r) line have calcium added and all flavors have vitamin C added. The current flavors in the Junior Juice(r) line are apple, apple berry, orange twist, apple grape, mixed fruit, fruit punch, and white grape.

Nutrition Bars. In 2000, we introduced a line of nutrition food bars under the Hansen's(r) brand name. This line is made from grains and fruit. Sales of this product line are very limited.

Hard e. In 2000, we introduced a malt-based drink under the name Hard e, which contains up to five-percent alcohol. The Hard e product is not marketed under the Hansen's(r) name. In 2004 we discontinued this line.

Bottled Water. Our still water products were introduced in 1993 and are primarily sold in 0.5-liter plastic bottles to the food service trade.

Other Products

We continue to evaluate and, where considered appropriate, introduce additional flavors and other types of beverages to complement our existing product lines. We will also evaluate, and may, where considered appropriate, introduce functional foods/snack foods that utilize similar channels of distribution and/or are complementary to our existing products and/or to which our brand names are able to add value.

Manufacture and Distribution

We do not directly manufacture our products but instead outsource the manufacture to third party bottlers and contract packers.

We purchase concentrates, juices, flavors, vitamins, minerals, nutrients,

herbs, supplements, caps, labels, trays, boxes and other ingredients for our beverage products which are delivered to our various third party bottlers and co-packers. Depending on the product, the third party bottlers or packers add filtered water and/or high fructose corn syrup, or sucrose, or cane sugar or Splenda(r) brand sweetener, Acesulfame-K and/or citric acid or other ingredients and supplements for the manufacture and packaging of the finished products into approved containers. In the case of sodas and other carbonated beverages, the bottler/packer adds carbonation to the products as part of the production process.

We are generally responsible for arranging for the purchase of and delivery to our third party bottlers and co-packers of the containers in which our beverage products are packaged.

The ingredients for our nutrition food bars are purchased by our co-packers from various suppliers for manufacturing and packaging of the finished bars.

All of our beverage products are manufactured by various third party bottlers and co-packers situated throughout the United States and Canada under separate arrangements with each of such parties. The majority of our co-packaging arrangements are on a month-to-month basis. However, certain of our material co-packaging arrangements are described below:

7

(a) Our agreement with Southwest Canning and Packaging, Inc. ("Southwest") pursuant to which Southwest packages a portion of our Hansen's(r) natural sodas. This contract continues indefinitely and is subject to termination upon 60 days written notice from either party.

(b) Our agreement with Nor-Cal Beverage Co., Inc. ("Nor-Cal") pursuant to which Nor-Cal packages a portion of our Hansen's(r) juices in P.E.T. plastic bottles. This contract continues until 2008 and is renewable annually thereafter from year-to-year unless terminated by Hansen's not less than 60 days before the end of the then current term.

(c) Our agreement with Seven-Up/RC Bottling Company of Southern California, Inc. ("Seven-Up") pursuant to which Seven-Up packages a portion of our MonsterTM and Lost(r) brand energy drinks and a portion of our Hansen's(r) natural sodas. This contract continues until March 2008 and is renewable annually thereafter. Upon termination prior to such time we are entitled to recover certain equipment we have purchased and installed at Seven-Up's facility.

(d) Our agreement with Southeast Atlantic Beverage Corporation ("Southeast") pursuant to which Southeast packages a portion of our Monster Energy(tm) and Lost(r) brand energy drinks. This contract continues until July 2007 and is renewable annually thereafter.

(e) Our agreement with City Brewing Company LLC ("City Brew") pursuant to which City Brew packages a portion of our Energade energy sports drinks. This contract continues until December 2006. Either party is entitled, at any time, to terminate the agreement on ninety (90) day's prior written notice to the other party.

(f) Our agreement with Pri-Pak, Inc. ("Pri-Pak") pursuant to which Pri-Pak packages a portion of our energy drinks in 8.3 ounce cans. This contract continues indefinitely but may be terminated at any time by either party on ninety (90) day's prior written notice to the other.

In many instances, equipment is purchased by us and installed at the facilities of our co-packers to enable them to produce certain of our products. In general, such equipment remains our property and is to be returned to us upon termination of the packing arrangements with such co-packers or is amortized over a pre-determined number of cases that are to be produced at the facilities concerned.

We pack certain products outside of the West Coast region to enable us to produce products closer to the markets where they are sold and thereby reduce freight costs. As volumes in markets outside of California grow, we continue to secure additional packing arrangements closer to such markets to further reduce freight costs.

Our ability to estimate demand for our products is imprecise, particularly with new products, and may be less precise during periods of rapid growth,

particularly in new markets. If we materially underestimate demand for our products or are unable to secure sufficient ingredients or raw materials including, but not limited to, glass, P.E.T./plastic bottles, cans, labels, flavors or supplement ingredients or certain sweeteners, or packing arrangements, we might not be able to satisfy demand on a short-term basis. The supplier of sucralose has notified the Company that our purchases of sucralose during 2005 will be subject to volume limitations due to the demand for sucralose exceeding their production capacity. While we believe that we will be able to secure sufficient quantities of sucralose during 2005 to meet the demand for our products that contain sucralose, we are taking steps to reformulate those products that contain sucralose with alternative sweetener systems to avoid an interruption in supply of those products.

Although our production arrangements are generally of short duration or are terminable upon request, we believe a short disruption or delay would not significantly affect our revenues since alternative packing facilities in the United States with adequate capacity can usually be obtained for many of our products at commercially reasonable rates and/or, within a reasonably short time period. However, there are limited packing facilities in the United States with adequate capacity and/or suitable equipment for many of our newer products, including Hansen's(r) brand energy drinks and functional drinks in 8.3-ounce and

8

16-ounce cans, Gold Standard line, aseptic juice products, Energade(r), sparkling apple cider in 1.5-liter magnum glass bottles, soy smoothies, Monster™ and Lost(r) energy drinks in 16-ounce cans and sparkling lemonades and orangeade lines. There are also limited shrink sleeve labeling facilities available to us in the United States with adequate capacity for our E2O Energy Water(r). A disruption or delay in production of any of such products could significantly affect our revenues from such products as alternative co-packing facilities in the United States with adequate capacity may not be available for such products either at commercially reasonable rates, and/or within a reasonably short time period, if at all. Consequently, a disruption in production of such products could affect our revenues. We continue to seek alternative and/or additional co-packing facilities in the United States or Canada with adequate capacity for the production of our various products to minimize the risk of any disruption in production.

We have entered into distribution agreements for distribution in most states of Hansen's(r) brand energy drinks, Monster Energy™ drinks, Lost(r) energy drinks, and Energade(r) energy sports drinks. Distribution levels vary from state to state and from product to product. Certain of our products are sold in Canada. We also sell a limited range of our products to distributors outside of the United States, including Mexico, Japan, Korea, the Caribbean, and Saudi Arabia.

We continually seek to expand distribution of our products by entering into agreements with regional bottlers or other direct store delivery distributors having established sales, marketing and distribution organizations. Many of our bottlers and distributors are affiliated with and manufacture and/or distribute other soda and non-carbonated brands and other beverage products. In many cases, such products compete directly with our products.

We continue to take steps to reduce our inventory levels in an endeavor to lower our warehouse and distribution costs.

During 2004, we continued to expand distribution of our natural sodas and smoothies outside of California. We expanded our national sales force to support and grow sales, primarily of Hansen's(r) energy drinks, Monster Energy™ drinks, Lost(r) energy drinks, and Energade(r) energy sports drinks and we intend to continue to build such sales force in 2005.

Our Blue Sky(r) products are sold primarily to the health food trade, natural food chains and mainstream grocery store chains, through specialty health food distributors.

We concluded exclusive contracts with the State of California ("State") Department of Health Services, Women, Infant and Children ("WIC") Supplemental Nutrition Branch ("DHS") to supply 100% apple juice and 100% blended juice, in 64-ounce P.E.T. plastic bottles. The contracts are each for a period of three years with a further one-year extension option to be mutually agreed between Hansen's and the State of California. We bid the lowest net cost per unit in terms of the wholesale price, less a rebate to the State. Formal written

agreements were signed with the State in accordance with the bid process. The contracts commenced on July 12, 2004.

Under the contracts Hansen's is the exclusive supplier for both Apple Juice and the blended juice category, a new WIC category, initially with our 100% Apple Grape Juice. The WIC contracts are expected to expand the distribution of Hansen's juices, resulting in increased exposure for the Hansen's brand. WIC-approved items are stocked by the grocery trade and by WIC-only stores. Products are purchased by WIC consumers with vouchers given by the DHS to qualified participants. The DHS estimates that Hansen's will be supplying 24.5 million units per year of 64 oz. apple juice and 5.4 million units per year of 64 oz. apple grape juice pursuant to these contracts. These estimates from the State, which we cannot independently verify or confirm, could result in an increase in net sales for the company of more than \$20 million per annum. However, juices sold pursuant to these contracts will be at lower margins than those of the Company's traditional juice business. Initial volumes suggest that annual volumes are likely to be slightly lower than the DHS' estimates. However, during 2005, Apple Strawberry juice will become eligible for redemption under the WIC contracts.

9

Our principal warehouse and distribution center and corporate offices relocated to our current facility in October 2000. In January 2004 we leased an additional warehouse facility in Corona to consolidate additional space that had been leased by us on short term leases from time to time to meet our increased warehousing needs due to increases in both sales volumes and products and terminated the two short term leases concerned. We continue to take steps to reduce our inventory levels wherever possible, in an endeavor to lower our warehouse and distribution costs. See also "ITEM 2 - PROPERTIES."

Raw Materials and Suppliers

The principal raw materials used by us comprise aluminum cans, glass bottles and P.E.T. plastic bottles as well as juices, high fructose corn syrup, sucrose and sucralose, the costs of which are subject to fluctuations. Due to the consolidations that have taken place in the glass industry over the past few years, the prices of glass bottles continue to increase. The price of P.E.T. plastic bottles and aluminum cans has increased over the past year. This will continue to exert pressure on our gross margins. We are uncertain whether the prices of those products will continue to rise in the future.

Generally, raw materials utilized by us in our business are readily available from numerous sources. However, certain raw materials are manufactured by only one company. Sucralose, which is used alone or in combination with Acesulfame-K in the Company's low-calorie products, is purchased by us from a single manufacturer. Cans for our energy and functional drinks (8.3 ounces) are only manufactured by one company in the United States.

With regard to fruit juice and juice-drink products, the industry is subject to variability of weather conditions, which may result in higher prices and/or lower consumer demand for juices.

We purchase beverage flavors, concentrates, juices, supplements, high-fructose corn syrup, cane sugar, sucrose, sucralose and other sweeteners as well as other ingredients and nutrition food bars from independent suppliers located in the United States and abroad.

Generally, flavor suppliers hold the proprietary rights to their flavors. Consequently, we do not have the list of ingredients or formulae for our flavors and certain of our concentrates readily available to us and we may be unable to obtain these flavors or concentrates from alternative suppliers on short notice. We have identified alternative suppliers of many of the supplements contained in many of our beverages. However, industry-wide shortages of certain fruits and fruit juices, and supplements and sweeteners have been and could, from time to time in the future, be experienced, which could interfere with and/or delay production of certain of our products.

We continually endeavor to develop back-up sources of supply for certain of our flavors and concentrates from other suppliers as well as to conclude arrangements with suppliers which would enable us to obtain access to certain concentrates or product formulae in certain circumstances. We have been partially successful in these endeavors. Additionally, in a limited number of cases, contractual restrictions and/or the necessity to obtain regulatory

approvals and licenses may limit our ability to enter into agreements with alternative suppliers and manufacturers and/or distributors.

In connection with the development of new products and flavors, independent suppliers bear a large portion of the expense of product development, thereby enabling us to develop new products and flavors at relatively low cost. We have historically developed and successfully introduced new products and flavors and packaging for our products and intend to continue developing and introducing additional new beverages and flavors.

10

Competition

The beverage industry is highly competitive. The principal areas of competition are pricing, packaging, development of new products and flavors and marketing campaigns. Our products compete with a wide range of drinks produced by a relatively large number of manufacturers, most of which have substantially greater financial, marketing and distribution resources than we do.

Important factors affecting our ability to compete successfully include taste and flavor of products, trade and consumer promotions, rapid and effective development of new, unique cutting edge products, attractive and different packaging, branded product advertising and pricing. We also compete for distributors who will concentrate on marketing our products over those of our competitors, provide stable and reliable distribution and secure adequate shelf space in retail outlets. Competitive pressures in the alternative, energy and functional beverage categories as well as in the nutrition food bar categories could cause our products to be unable to gain or to lose market share or we could experience price erosion, which could have a material adverse affect on our business and results.

Over the past four years we have experienced substantial competition from new entrants in the energy drink category. A number of companies who market and distribute iced teas and juice cocktails in larger volume packages, such as 16- and 20-ounce glass bottles, including Sobe, Snapple Elements, Arizona and Fuse, have added supplements to their products with a view to marketing their products as "functional" or "energy" beverages or as having functional benefits. We believe that many of those products contain lower levels of supplements and principally deliver refreshment. In addition, many competitive products are positioned differently than our energy or functional drinks. Our smoothies and Gold Standard lines are positioned more closely against those products.

We compete not only for consumer acceptance, but also for maximum marketing efforts by multi-brand licensed bottlers, brokers and distributors, many of which have a principal affiliation with competing companies and brands. Our products compete with all liquid refreshments and with products of much larger and substantially better financed competitors, including the products of numerous nationally and internationally known producers such as The Coca Cola Company, PepsiCo, Inc., Cadbury Schwepps, which includes Dr. Pepper/Seven-up, RC Cola, Snapple, Mystic and Stewart's brands, Nestle Beverage Company, Anheuser Busch and Ocean Spray. More specifically, our products compete with other alternative beverages, including new age beverages, such as Snapple, Elements, Mystic, Arizona, Clearly Canadian, Sobe, Stewart's, Everfresh, Nantucket Nectars, Vitamin Water, Fuse, VeryFine, V8 Splash and Smoothies, Calistoga, Propel Fitness Water, AquaFina, Dasani, Reebok, and Crystal Geysler brands. Due to the rapid growth of the alternative beverage segment of the beverage marketplace, certain large companies such as The Coca-Cola Company and PepsiCo, Inc. have introduced products in that market segment which compete directly with our products such as Nestea, Fruitopia, Lipton, Propel, AquaFina, Dasani, Adrenaline Rush, Amp, KMX and Dole. Our products also compete with private label brands such as those carried by grocery store chains and club stores.

Our fruit juice smoothies compete directly with Kern's, Jumex, Jugos del Valle and Libby's nectars, V8 Smoothies, as well as with single serve juice products produced by many competitors. Such competitive products are packaged in glass and P.E.T. bottles ranging from 8- to 48-ounces in size and in 11.5-ounce aluminum cans. The juice content of such competitive products ranges from 1% to 100%.

Our apple and other juice products compete directly with Tree Top, Mott's, Martinelli's, Welch's, Ocean Spray, Tropicana, Minute Maid, Langers, Apple and Eve, Seneca, Northland and also with other brands of apple juice and juice blends, especially store brands.

Our energy drinks, including Hansen's(r) energy, Diet Red, Hansens(r) energy Deuce, Monster EnergyTM, Lost(r) Energy and Rumba(tm) Energy Juice in 8.3- and 16-ounce cans, compete directly with Red Bull, Adrenaline Rush, Amp, 180, KMX, Venom, Extreme Energy Shot, Rockstar, No Fear, Full Throttle, US energy, Red Devil, Lipovitan, MET-Rx, Hype, XTC, and many other brands and our other functional drinks compete directly with Elix, Lipovitan, MET-Rx, Think, and other brands.

11

Our E2O Energy Water(r) and still water products compete directly with Vitamin Water, Reebok, Propel, Dasani, Aquafina, Fruit2O, Evian, Crystal Geysler, Naya, Palomar Mountain, Sahara, Arrowhead, Dannon, and other brands of still water especially store brands.

The nutrition food bar category is also highly competitive. Principal areas of competition are pricing, packaging, development of new products and flavors and marketing campaigns. Our nutrition food bars compete with products of other independent bar companies such as Power Bar, Balance Bar, Gatorade, Kashi, Cliff Bar, MET-Rx, and numerous other bars.

Sales and Marketing

We focus on consumers who seek products that are perceived to be natural and healthy and emphasize the natural ingredients and the absence of preservatives, sodium, artificial coloring and caffeine in our beverages (other than our energy drinks) and the addition to most of our products, of one or more supplements. We reinforce this message in our product packaging. Our marketing strategy with respect to our nutrition food bars is similarly to focus on consumers who seek bars that are perceived to be natural and healthy. We emphasize the natural ingredients and the absence of preservatives.

Our sales and marketing strategy is to focus our efforts on developing brand awareness and trial through sampling both in stores and at events in respect of all our beverage and food products. We use our branded vehicles and other promotional vehicles at events at which we distribute our products to consumers for sampling. We utilize "push-pull" methods to achieve maximum shelf and display space exposure in sales outlets and maximum demand from consumers for our products including advertising, in store promotions and in store placement of point of sale materials and racks, prize promotions, price promotions, competitions, endorsements from selected public and extreme sports figures, coupons, sampling and sponsorship of selected causes such as breast cancer research and SPCA's as well as extreme sports teams such as the Pro Circuit - Kawasaki Motocross team, extreme sports figures and sporting events such as the Energy Pro Pipeline Surfing competition, marathons, 10k runs, bicycle races, volleyball tournaments and other health and sports related activities, including extreme sports, particularly supercross, freestyle motor cross, surfing, skateboarding, wakeboarding, skiing, snowboarding, BMX, mountain biking, snowmobile racing, etc. and also participate in product demonstrations, food tasting and other related events. Posters, print, radio and television advertising together with price promotions and coupons are also used to promote the Hansen's(r) brand.

Additionally, in 2003 we entered into a multi-year sponsorship agreement to advertise on the new Las Vegas Monorail ("Monorail Agreement") with the Las Vegas Monorail Company ("LVMC") which includes the right to vend our Monster EnergyTM drinks and natural sodas on all stations. The initial term of the Monorail Agreement commenced in July 2004. For technical reasons the Monorail did not operate for some months in 2004 but recommenced carrying passengers at the end of December 2004. The initial term of the Monorail Agreement ends on the first anniversary of its commencement date. Not less than 120 days before the expiration of the initial term and each renewal term, as the case may be, we have the right to renew the Monorail Agreement for a further one year term up to a maximum of nine additional one year terms and the LVMC has the right, not withstanding such election by us, to terminate the Monorail Agreement at the expiration of the then current term. Due to the interruption in operations of the Monorail, it is likely that the commencement date of the initial term will be extended.

We believe that one of the keys to success in the beverage industry is differentiation such as making Hansen's(r) products visually distinctive from other beverages on the shelves of retailers. We review our products and packaging on an ongoing basis and, where practical, endeavor to make them

different, better and unique. The labels and graphics for many of our products are redesigned from time to time to maximize their visibility and identification, wherever they may be placed in stores and we will continue to reevaluate the same from time to time.

12

Where appropriate we partner with retailers to assist our marketing efforts. For example, while we retain responsibility for the marketing of the Juice Slam(r) line of children's multi-vitamin juice drinks, Costco has undertaken partial responsibility for the marketing of the Juice Blast(r) line.

We increased expenditures for our sales and marketing programs by approximately 75% in 2004 compared to 2003. As of December 31, 2004, we employed 217 employees in sales and marketing activities.

Customers

Our customers are typically retail and specialty chains, club stores, mass merchandisers, convenience chains, food service and full service beverage distributors and health food distributors. In 2004, sales to retailers represented 35% of our revenues, sales to full service distributors represented 52% of our revenues, and sales to health food distributors represented 6% of our revenues.

Our major customers include Costco, Trader Joe's, Sam's Club, Vons, Ralph's, Wal-Mart, Safeway and Albertson's. A decision by any major customer to decrease amounts purchased from the Company or to cease carrying our products could have a material negative effect on our financial condition and consolidated results of operations.

Seasonality

Sales of ready-to-drink beverages are somewhat seasonal, with the second and third calendar quarters accounting for the highest sales volumes. The volume of sales in the beverage business may be affected by weather conditions. Sales of our beverage products may become increasingly subject to seasonal fluctuations as more sales occur outside of California.

Intellectual Property

We own numerous trademarks that are very important to our business. Depending upon the jurisdiction, trademarks are valid as long as they are in use and/or their registrations are properly maintained and they have not been found to have become generic. Registrations of trademarks can generally be renewed as long as the trademarks are in use. We also own the copyright in and to numerous statements made and content appearing on the packaging of our products.

We own the Hansen's(r) trademark. This trademark is crucial to our business and is registered in the U.S. Patent and Trademark Office and in various countries throughout the world. We own a number of other trademarks including, but not limited to, A New Kind a Buzz(r), Unleash the Beast(r), Hansen's energy(r), Blue Energy(r), Energade(r), Hansen's E2O Energy Water(r), Hansen's slim-down(r), Power Formula(r), THE REAL DEAL(r), LIQUIDFRUIT(r), Imported from Nature(r), California's Natural Choice(r), California's Choice(r), Medicine Man(r), Dyna Juice(r), Equator(r), Hansen's power(r), b*well(r), anti-ox(r), d-stress(r), stamina(r), Aqua Blast(r), Antioxjuice(r) Intellijuice(r), Defense(r), Immunejuice(r), Hansen's Natural Multi-Vitamin Juice Slam(r), Juice Blast(r) and Red Rocker(r) in the United States and the Hansen's(r) and "Smoothie(r)" trademarks in a number of countries around the world.

We have applied to register a number of trademarks in the United States and elsewhere including, but not limited to, Monster EnergyTM, M (stylized) MonsterTM, M (stylized) Monster EnergyTM, M (stylized) TM, Assault(tm), Energy Pro(tm) and Rumba(tm).

In September 2000, in connection with the acquisition of the Blue Sky Natural Beverage business, we, through our wholly owned subsidiary Blue Sky, acquired the Blue Sky(r) trademark, which is registered in the United States and Canada.

13

In May 2001, in connection with the acquisition of the Junior Juice beverage business, we, through our wholly owned subsidiary Junior Juice, acquired the Junior Juice(r) trademark, which is registered in the United States.

On April 4, 2000, the United States Patent and Trademark Office issued a patent to us for an invention related to a shelf structure (rolling rack) and, more particularly, a shelf structure for a walk-in cooler. Such shelf structure is utilized by us to secure shelf space for and to merchandise our energy and functional drinks in cans in refrigerated Visi coolers and walk-in coolers in retail stores.

Government Regulation

The production, distribution and sale in the United States of many of our products is subject to the Federal Food, Drug and Cosmetic Act; the Dietary Supplement Health and Education Act of 1994; the Occupational Safety and Health Act; various environmental statutes; and various other federal, state and local statutes and regulations applicable to the production, transportation, sale, safety, advertising, labeling and ingredients of such products. California law requires that a specific warning appear on any product that contains a component listed by the State as having been found to cause cancer or birth defects. The law exposes all food and beverage producers to the possibility of having to provide warnings on their products because the law recognizes no generally applicable quantitative thresholds below which a warning is not required. Consequently, even trace amounts of listed components can expose affected products to the prospect of warning labels. Products containing listed substances that occur naturally in the product or that are contributed to the product solely by a municipal water supply are generally exempt from the warning requirement. While none of our beverage products are required to display warnings under this law, we cannot predict whether an important component of any of our products might be added to the California list in the future. We also are unable to predict whether or to what extent a warning under this law would have an impact on costs or sales of our products.

Measures have been enacted in various localities and states that require that a deposit be charged for certain non-refillable beverage containers. The precise requirements imposed by these measures vary. Other deposit, recycling or product stewardship proposals have been introduced in certain states and localities and in Congress, and we anticipate that similar legislation or regulations may be proposed in the future at the local, state and federal levels, both in the United States and elsewhere.

Our facilities in the United States are subject to federal, state and local environmental laws and regulations. Compliance with these provisions has not had, and we do not expect such compliance to have, any material adverse effect upon our capital expenditures, net income or competitive position.

Employees

As of December 31, 2004, we employed a total of 293 employees of which 205 were employed on a full-time basis. Of our 293 employees, we employ 76 in administrative and operational capacities and 217 persons in sales and marketing capacities. We have not experienced any work stoppages, and we consider relations with our employees to be good.

Compliance with Environmental Laws

In California, we are required to collect redemption values from our customers and to remit such redemption values to the State of California Department of Conservation based upon the number of cans and bottles of certain carbonated and non-carbonated products sold. In certain other states and Canada where Hansen's(r) products are sold, we are also required to collect deposits from our customers and to remit such deposits to the respective state agencies based upon the number of cans and bottles of certain carbonated and non-carbonated products sold in such states.

ITEM 2. PROPERTIES

Our corporate offices and main warehouse are located at 1010 Railroad Street, Corona, California 92882. Our lease for this facility expires in October 2010. The area of the facility is approximately 113,600 square feet. Additionally, in January 2004 we entered into a lease for additional warehouse space in Corona, California. The area of this facility is approximately 80,000 square feet. This lease will expire at the end of March 2008 with an option to extend the lease until October 2010. We also rent additional warehouse space on a short-term basis from time to time in public warehouses situated throughout the United States and Canada.

ITEM 3. LEGAL PROCEEDINGS

In September 2004 Barrington Capital Corporation through an alleged successor in interest, Sandburg Financial Corporation (both entities with whom the Company has never had any dealings) served a Notice of Motion ("Motion") on the Company and each of its subsidiaries as well as on a number of other unrelated entities and individuals. The Motion seeks to amend a default judgment granted against a completely unconnected company, Hansen Foods, Inc., to add the Company and its subsidiary companies, as well as the other entities and individuals cited, as judgment debtors. The default judgment was entered on February 15, 1996, for \$7,626,000 plus legal interest and attorneys' fees in the sum of \$211,000 arising out of a breach of contract claim that allegedly occurred in the 1980's. Barrington Capital Corporation's/Sandburg Financial Corporation's claim is based on the misconceived and unsubstantiated theory that the Company and its subsidiaries are alter egos and/or successors of Hansen Foods, Inc. The Motion is based on demonstrably false allegations, misstated legal propositions and lacks any substantial supporting evidence. The Company and its subsidiaries intend to vigorously oppose the Motion and believe that the Motion is without any merit.

Furthermore, we are subject to litigation from time to time in the normal course of business. Although it is not possible to predict the outcome of such litigation, based on the facts known to us and after consultation with counsel, we believe that such litigation will not have a material adverse effect on our financial position or results of operations.

Except as described above, there are no material pending legal proceedings to which we or any of our subsidiaries is a party or to which any of our properties is subject, other than ordinary and routine litigation incidental to our business.

Our Business

Overview

We develop, market, sell and distribute, in the main, a wide range of branded beverages. The majority of our beverages fall within the growing "alternative" beverage category. The principal brand names under which our beverages are marketed are Hansen's(r), Monster Energy(tm), Blue Sky(r), Junior Juice(r), Lost(r) and Rumba(tm). We own all of our above-listed brand names other than Lost(r) which we produce, market, sell and distribute under an exclusive licensing arrangement with Lost International LLC.

Our company principally generates revenues, income and cash flows by developing, producing, marketing, selling and distributing finished beverage products. We generally sell these products to retailers as well as distributors.

We incur significant marketing expenditures to support our brands including advertising costs, sponsorship fees and special promotional events. We focus on developing brand awareness and trial through sampling both in stores and at events. Retailers and distributors receive rebates, promotions, point of sale materials, merchandise displays and coolers. We also use in-store promotions and in-store placement of point-of-sale materials and racks, prize promotions, price promotions, competitions, and sponsorship of, and endorsements from. selected public and extreme sports teams and figures and causes. Consumers receive coupons, discounts and promotional incentives. These marketing expenditures help to enhance distribution and availability of our products as well as awareness and increase consumer preference for our brands. Greater distribution and availability, awareness and preference promotes long term growth.

18

During 2004, we continued to expand our existing product lines and further develop our markets. In particular, we continue to focus on developing and marketing beverages that fall within the category generally described as the "alternative" beverage category, with particular emphasis on energy type drinks.

We believe that one of the keys to success in the beverage industry is differentiation; such as making Hansen's(r) products visually distinctive from other beverages on the shelves of retailers. We review our products and packaging on an ongoing basis and, where practical, endeavor to make them different, better and unique. The labels and graphics for many of our products are redesigned from time to time to maximize their visibility and identification, wherever they may be placed in stores and we will continue to reevaluate the same from time to time.

We again achieved record sales in 2004. The increase in gross and net sales in 2004 was primarily attributable to increased sales of our Monster Energy(r) drink, which was introduced in April 2002, including our low carbohydrate ("lo-carb") Monster Energy(r) drink which was introduced in 2003 and sales of Lost(r) energy drinks which were introduced at the beginning of 2004, as well as increased sales of apple juice and apple grape juice, private label beverages and our Energade(r) energy sports drinks. The increase in gross and net sales was partially offset by decreased sales primarily of energy drinks in 8.3-ounce cans, children's multi-vitamin juice drinks, and teas, lemonades and cocktails.

During 2004, sales outside of California represented 56 % of our aggregate sales, as compared to approximately 47 % of our aggregate sales in 2003. Sales to distributors outside the United States during 2004 amounted to \$2,282,000 compared to \$1,612,000 in 2003.

Our customers are typically retail and specialty chains, club stores, mass merchandisers, convenience chains, full service beverage distributors and health food distributors. In 2004, sales to retailers represented 35% of our revenues, sales to full service distributors represented 52% of our revenues and sales to health food distributors represented 6 % of our revenues.

In 2004, we introduced a carbonated Lost(r) Energy drink in 16-ounce cans, a carbonated Monster Energy "Assault"(tm) drink in 16-ounce cans, a new line of Blue Sky natural tea sodas in 12-ounce cans, Hansen's Energy Drinks in 16-ounce cans, Rumba(tm) Energy Juice in 15.5-ounce cans and also introduced a new line of lo-carb smoothies in 11.5-ounce cans.

Sales of our dual-branded 100% juice line named "Juice Blast(r)", which was launched in conjunction with Costco and is sold through Costco stores, were \$2.0 million in 2004 as compared to \$6.0 million in 2003, primarily due to lost distribution in certain regions. We have since managed to resecure distribution of such juice line in certain of those regions. We have, in conjunction with Costco, introduced new flavors in place of certain existing flavors and will continue to introduce new flavors in an effort to ensure that the variety pack remains fresh and different for consumers and retain and if possible increase current distribution levels.

In September 2000, HBC, through its wholly owned subsidiary Blue Sky, acquired the Blue Sky(r) Natural Soda business. The Blue Sky(r) Natural Soda brand is the leading natural soda in the health food trade. Blue Sky offers natural sodas, premium natural sodas with added ingredients such as Ginseng and anti-oxidant vitamins, organic sodas and seltzer waters in 12-ounce cans and a Blue Energy drink in 8.3-ounce cans and in 2004 introduced a new line of Blue Sky natural tea sodas in 12-ounce cans. We plan to introduce a new line of Blue Sky Lite natural sodas in 2005.

19

In May 2001, HBC, through its wholly owned subsidiary Junior Juice, acquired the Junior Juice(r) beverage business. The Junior Juice(r) product line is comprised of a line of 100% juices packed in 4.23-ounce aseptic packages and is targeted at toddlers.

During 2004, we entered into several new distribution agreements for the sale of our products both within and outside the United States and substantially expanded our national sales force and marketing and support staff. As discussed under "ITEM 1 BUSINESS - MANUFACTURE and DISTRIBUTION", we anticipate that we will continue building our national sales force in 2005 as well as our marketing and support staff to support and grow the sales of our products.

A chain grocery store strike in Southern California, which commenced during the last quarter of 2003 and terminated in the first quarter of 2004, adversely affected sales of those of our products that were carried by the stores concerned. However, the drop in sales of such products was partially offset by increased sales of certain of those products that are carried by other retailers in Southern California.

In 2002, we introduced a Sparkling Cider 100% juice drink in a 1.5-liter Magnum glass bottle. However, due to limited reports of some bottles breaking in 2003, we promptly recalled the product. We are pursuing a claim for the costs and losses incurred by us. We will reevaluate relaunching this product once certain production issues are resolved to our satisfaction and a suitable co-packer has been identified.

During 2004, we concluded exclusive contracts with the State of California, Department of Health Services Women, Infant and Children Supplemental Nutrition Branch, to supply 100% Apple juice and 100% blended juice in 64-ounce PET plastic bottles. The contracts commenced on July 12, 2004. See "ITEM 1 BUSINESS - MANUFACTURE and DISTRIBUTION."

We continue to incur expenditures in connection with the development and introduction of new products and flavors.

Value Drivers of our Business

We believe that the key value drivers of our business include the following:

- * Profitable Growth - We believe natural, better for you brands properly supported by marketing and innovation, targeted to a broad consumer base-drive profitable growth. We continue to broaden our family of brands. In particular, we are expanding and growing our specialty beverages and energy drinks to provide more alternatives to consumers. We are focused on maintaining or increasing profit margins. We believe that tailored brand, package, price and channel strategies help achieve profitable growth. We are implementing these strategies with a view to accelerating profitable growth.
- * Cost Management - The principal focus of cost management will continue to be on supplies and cost reduction. One key area of focus, for

example, is to decrease raw material costs, co-packing fees and general and administrative costs as a percentage of net operating revenues. Another key area of focus is the reduction in inventory levels. However, due to the expansion in the number of our products as well as increased sales levels in 2004, overall inventory levels increased. Additionally, the costs of aluminum cans and PET plastic bottles which represent a large portion of our ingredient costs, increased in 2004 and could continue to rise during 2005.

- * Efficient Capital Structure - Our capital structure is intended to optimize our costs of capital. We believe our strong capital position, our ability to raise funds at low effective cost and overall low costs of borrowing provide a competitive advantage.

20

We believe that, subject to increases in the costs of certain raw materials being contained, these value drivers, when properly implemented, will result in (1) maintaining and improving our gross profit margin; (2) providing additional leverage over time through reduced expenses as a percentage of net operating revenues; and (3) optimizing our cost of capital. The ultimate measure of success is and will be reflected in our current and future results of operations.

Gross and net operating revenues, gross profits, operating income, and net income and net income per share represent key measurements of the above value drivers. In 2004, gross operating revenues totaled \$227.0 million, a 63.9% increase over 2003. Net operating revenues totaled \$180.3 million, an increase of 63.4% over 2003. Gross profit totaled \$83.5 million in 2004, a 90.7% increase from 2003. Operating income was \$33.9 million compared to \$9.8 million for 2003. Net income was \$20.4 million as compared to \$5.9 million for 2003. Net income per share (diluted) was \$1.73 from \$0.55 per diluted share in 2003. These measurements will continue to be a key management focus in 2005 and beyond. See also "Results of Operations for the Year Ended December 31, 2004 Compared to the Year Ended December 31, 2003."

In 2004, the Company had working capital of \$41.6 million compared to \$17.2 million as of December 31, 2003. In 2004, our net cash provided by operating activities was approximately \$20.1 million, a 265.6% increase from 2003. Principal uses of cash flows are purchases of inventory, increases in accounts receivable and other assets, acquisition of property and equipment and trademark licenses and trademarks. Repayment of our debt and accounts payable are expected to be and remain our principal recurring use of cash and working capital funds. See also "--LIQUIDITY AND CAPITAL RESOURCES. "

Opportunities, Challenges and Risks

Looking forward, our management has identified certain challenges and risks that demand the attention of the beverage industry and our company. Increase in consumer and regulatory awareness of the health problems arising from obesity and inactive lifestyles represents a challenge. We recognize that obesity is a complex and serious public health problem. Our commitment to consumers begins with our broad product line and a wide selection of diet, light and lo-carb beverages, juices and juice drinks, sports drinks and waters and energy drinks. We continuously strive to meet changing consumer needs through beverage innovation, choice and variety.

Our historical success is attributable, in part, to our introduction of different and innovative beverages. Our future success will depend, in part, upon our continued ability to develop and introduce different and innovative beverages, although there can be no assurance of our ability to do so. In order to retain and expand our market share, we must continue to develop and introduce different and innovative beverages and be competitive in the areas of quality, health, method of distribution, brand image and intellectual property protection. The beverage industry is subject to changing consumer preferences and shifts in consumer preferences may adversely affect companies that misjudge such preferences.

In addition, other key challenges and risks that could impact our company's future financial results include, but are not limited to:

- * maintenance of our brand images and product quality;
- * profitable expansion and growth of our family of brands in the

competitive market place (See also Item 1 "BUSINESS - COMPETITION and "SALES AND MARKETING");

- * restrictions on imports and sources of supply; duties or tariffs; changes in government regulations;

21

- * protection of our existing intellectual property portfolio of trademark licenses and trademarks and the continuous pursuit of new and innovative trademarks for our expanding product lines; and
- * limitations on available quantities of sucralose, a non-caloric sweetener that is used in many of our beverage products, during 2005, due to demand for such sweetener exceeding the supplier's production capacity
- * the imposition of additional restrictions.

We believe that the following opportunities exist for us:

- * growth potential for non-alcoholic beverage categories including energy drinks, carbonated soft drinks, juices and juice drinks, sports drinks and water;
- * new product introductions intended to contribute to higher gross profits;
- * premium packages intended to generate strong revenue growth;
- * significant package, pricing and channel opportunities to maximize profitable growth; and
- * proper positioning to capture industry growth.

Results of Operations for the Year Ended December 31, 2004 Compared to the Year Ended December 31, 2003

Gross Sales. For the year ended December 31, 2004, gross sales were \$227.0 million, an increase of \$88.5 million or 63.9% higher than gross sales of \$138.5 million for the year ended December 31, 2003. The increase in gross sales is primarily attributable to increased sales of certain of our existing products and the introduction of new products as discussed below in "Net Sales."

Net Sales. For the year ended December 31, 2004, net sales were \$180.3 million, an increase of \$70.0 million or 63.4% higher than net sales of \$110.4 million for the year ended December 31, 2003. We again achieved record sales in 2004. The increase in gross and net sales in 2004 was primarily attributable to increased sales by volume of our Monster Energy(r) drink, which was introduced in April 2002, including our low carbohydrate ("lo-carb") Monster Energy(r) drink which was introduced in 2003 and sales by volume of Lost(r) energy drinks which were introduced at the beginning of 2004, as well as increased sales by volume of apple juice and apple grape juice, private label beverages and our Energade(r) energy sports drinks. Additionally, the increase in gross and net sales was attributable to the increased sales prices and reduced allowances of smoothies in cans and natural sodas. The increase in gross and net sales was partially offset by decreased sales by volume primarily of Hansens energy drinks in 8.3-ounce cans, children's multi-vitamin juice drinks, and teas, lemonades and cocktails.

23

Gross Profit. Gross profit was \$83.5 million for the year ended December 31, 2004, an increase of \$39.7 million or 90.7% over the \$43.8 million gross profit for the year ended December 31, 2003. Gross profit as a percentage of net sales was 46.3% for the year ended December 31, 2004 which was higher than gross profit as a percentage of net sales of 39.7 % for the year ended December 31, 2003, due primarily to higher gross profit margins achieved on the increased sales of Monster Energy(r) and Lost(r) energy drinks. Although a greater percentage of our sales comprised products having higher gross margins than the prior year, the increase in profit margins was partially reduced by higher promotional payments and allowances to promote our products.

Total Operating Expenses. Total operating expenses were \$49.6 million for the year ended December 31, 2004, an increase of \$15.6 million or 46.0% over total operating expenses of \$33.9 million for the year ended December 31, 2003. Total operating expenses as a percentage of net sales decreased slightly to 27.5% for the year ended December 31, 2004, from 30.8% for the year ended December 31, 2003. The increase in total operating expenses was primarily attributable to increased selling, general and administrative expenses. The decrease in total operating expenses as a percentage of net sales was primarily attributable to the comparatively lower increase in selling, general and administrative expenses than the increase in net sales.

Selling, General and Administrative. Selling, general and administrative expenses were \$49.5 million for the year ended December 31, 2004, an increase of \$15.6 million or 46.1% over selling, general and administrative expenses of \$33.9 million for the year ended December 31, 2003. Selling, general and administrative expenses as a percentage of net sales decreased to 27.5% for the year ended December 31, 2004 from 30.7% for the year ended December 31, 2003. Selling expenses were \$29.2 million for the year ended December 31, 2004, an increase of \$9.1 million or 45.5% over selling expenses of \$20.1 million for the year ended December 31, 2003. Selling expenses as a percentage of net sales decreased to 16.2% for the year ended December 31, 2004 from 18.2% for the year ended December 31, 2003. The increase in selling expenses was primarily attributable to increased distribution (freight) and storage expenses which increased by \$4.1 million, increased expenditures for trade development activities and cooperative arrangements with our customers and distributors, and royalties which increased by \$2.4 million, and increased expenditures for merchandise displays, point-of-sale materials, and premiums, which increased by \$2.0 million. General and administrative expenses were \$20.3 million for the year ended December 31, 2004, an increase of \$6.5 million or 47.0% over general and administrative expenses of \$13.8 million for the year ended December 31, 2003. General and administrative expenses as a percentage of net sales decreased to 11.2% for the year ended December 31, 2004 from 12.5% for the year ended December 31, 2003. The increase in general and administrative expenses was primarily attributable to payroll expenses which increased by \$3.3 million, professional services, consisting of legal, consulting and accounting services primarily related to the implementation and testing required by the Sarbanes-Oxley Act of 2002, and legal services related to protecting trademarks which increased by \$1.5 million, and travel and entertainment expenses which increased by \$622,000.

Amortization of Trademark License and Trademarks. Amortization of trademark license and trademarks was \$73,000 for the year ended December 31, 2004, an increase of \$11,000 over amortization of trademark license and trademarks of \$62,000 for the year ended December 31, 2003. The increase in amortization of trademark license and trademarks was due to the acquisition of trademarks during the year ended December 31, 2004.

Operating Income. Operating income was \$33.9 million for the year ended December 31, 2004, compared to \$9.8 million for the year ended December 31, 2003. The \$24.1 million increase in operating income was primarily attributable to increased gross profits, which was partially offset by increased operating expenses.

24

Net Nonoperating Income/Expense. Net nonoperating income was \$52,000 for the year ended December 31, 2004, as compared to net nonoperating expense of \$67,000 for the year ended December 31, 2003. Net nonoperating income/expense consists of interest income and interest and financing expense. Interest and financing expense for the year ended December 31, 2004 was \$42,000 as compared to \$73,000 for the year ended December 31, 2003. The decrease in interest and financing expense was primarily attributable to the decrease in outstanding loan balances and lower interest rates. Interest income for the year ended December 31, 2004 was \$94,000, as compared to interest income of \$6,000 for the year ended December 31, 2003. The increase in interest income was primarily attributable to an increase in the cash investment in interest bearing accounts during the year ended December 31, 2004.

Provision for Income Taxes. Provision for income taxes for the year ended December 31, 2004 was \$13.6 million which was an increase of \$9.7 million as compared to the provision for income taxes of \$3.8 million for the year ended December 31, 2003. The increase in provision for income taxes was primarily attributable to the increase in operating income. The effective combined federal and state tax rate for 2004 was 39.9%, which was higher than the effective tax rate of 39.2% for 2003 due to the increase in the statutory federal income tax rate applicable to the Company's pre-tax income.

Net Income. Net income was \$20.4 million for the year ended December 31, 2004, which was an increase of \$14.5 million as compared to net income of \$5.9 million for the year ended December 31, 2003. The increase in net income was primarily attributable to the \$39.7 million increase in gross profit and decrease in nonoperating expense and increase in nonoperating income of \$119,000 for the year ended December 31, 2004 which was partially offset by increased operating expenses of \$15.6 million and an increase in the provision for income taxes of \$9.7 million.

The increase in gross sales is primarily attributable to the introduction of new products and increased sales of certain of our existing products as discussed below in "Net Sales."

Net Sales. For the year ended December 31, 2003, net sales were \$110.4 million, an increase of \$18.3 million or 19.9% higher than net sales of \$92.0 million for the year ended December 31, 2002. The increase in net sales was primarily attributable to sales of our Monster EnergyTM drink, which was introduced in April 2002, as well as increased sales of Natural Sodas, Junior Juice and, to a lesser extent, sparkling beverages. The increase in net sales was partially offset by decreased sales of functional drinks, smoothies, E2O Energy Water, Energade(r) energy sports drinks, and children's multi-vitamin juice drinks as well as an increase in discounts, allowances and promotional payments.

Gross Profit. Gross profit was \$43.8 million for the year ended December 31, 2003, an increase of \$10.5 million or 31.7% over the \$33.2 million gross profit for the year ended December 31, 2002. Gross profit as a percentage of net sales was 39.7% for the year ended December 31, 2003 which was slightly higher than gross profit as a percentage of net sales of 36.1% for the year ended December 31, 2002. The increase in gross profit was primarily attributable to increased net sales. Although a greater percentage of our sales comprised

products having higher gross margins than the prior year, the increase in profit margins was partially reduced by higher promotional payments and allowances to promote our products.

Total Operating Expenses. Total operating expenses were \$33.9 million for the year ended December 31, 2003, an increase of \$6.0 million or 21.5% over total operating expenses of \$28.0 million for the year ended December 31, 2002. Selling, General and Administrative. Selling, general and administrative expenses were \$33.9 million for the year ended December 31, 2003, an increase of \$6.0 million or 21.5% over selling, general and administrative expenses of \$27.9 million for the year ended December 31, 2002. Selling, general and administrative expenses as a percentage of net sales increased to 30.7% for the year ended December 31, 2003, from 30.3% for the year ended December 31, 2002. Selling expenses were \$20.1 million for the year ended December 31, 2003, an increase of \$4.0 million or 25.1% over selling expenses of \$16.1 million for the year ended December 31, 2002. Selling expenses as a percentage of net sales increased to 18.2% for the year ended December 31, 2003, from 17.4% for the year ended December 31, 2002. The increase in selling expenses was primarily attributable to increased distribution (freight) and storage expenses, trade development activities including cooperative arrangements with our distributors, sponsorships and promotions, in-store demonstrations and merchandise displays which was partially offset by decreased expenditures for graphic design. In addition, we incurred expenses of approximately \$267,000 during 2003 in connection with our sponsorship of the Las Vegas Monorail as part of our efforts to promote our Monster product line. General and administrative expenses were \$13.8 million for the year ended December 31, 2003, an increase of \$2.0 million or 16.6% over general and administrative expenses of \$11.8 million for the year ended December 31, 2002. The increase in general and administrative expenses was primarily attributable to an increase in payroll costs as we expanded our headcount, as well as fees paid for legal and accounting services and increased travel and insurance expenses. The decrease in general and administrative expenses as a percentage of net sales was primarily attributable to the increase in net sales and the comparatively lower increase in payroll costs.

Amortization of Trademark License and Trademarks. Amortization of trademark license and trademarks was \$62,000 for the year ended December 31, 2003, an increase of \$7,000 from amortization of trademark license and trademarks of \$55,000 for the year ended December 31, 2002. Operating Income. Operating income was \$9.8 million for the year ended December 31, 2003, compared to \$5.3 million for the year ended December 31, 2002. The \$4.5 million increase in operating income was primarily attributable to increased gross profits, which was partially offset by increased operating expenses.

Net Nonoperating Expense. Net nonoperating expense was \$67,000 for the year ended December 31, 2003, which was \$161,000 lower than net nonoperating expense of \$228,000 for the year ended December 31, 2002. Net nonoperating expense consists of interest and financing expense and interest income. Interest and financing expense for the year ended December 31, 2003 was \$73,000, as compared to \$231,000 for the year ended December 31, 2002. The decrease in interest and financing expense was primarily attributable to decreased interest expense incurred on our borrowings which was primarily attributable to the decrease in outstanding loan balances and lower interest rates. Interest and royalty income for the year ended December 31, 2003 was \$6,000, as compared to interest income of \$3,000 for the year ended December 31, 2002. The increase in interest income was primarily attributable to an increase in the cash available for investment during the year ended December 31, 2003.

Provision for Income Taxes. Provision for income taxes for the year ended December 31, 2003 was \$3.8 million which was an increase of \$1.8 million as compared to the provision for income taxes of \$2.0 million for the year ended December 31, 2002. The increase in provision for income taxes was primarily attributable to the increase in operating income. The effective combined federal and state tax rate for 2003 was 39.2%, which was lower than the effective tax rate of 40.2% for 2002 due to the increase in the apportionment of sales and related state taxes to various states outside of California.

26

Net Income. Net income was \$5.9 million for the year ended December 31, 2003, which was an increase of \$2.9 million as compared to net income of \$3.0 million for the year ended December 31, 2002. The increase in cash provided by operating activities was primarily attributable to an increase in net income as well as, accounts payable, income taxes payable, accrued compensation and accrued liabilities which was partially offset by increases in accounts receivable and inventories as well as prepaid expenses. Purchases of inventories, increases in accounts receivable and other assets, acquisition of property and equipment, acquisition of trademark licenses and trademarks, and repayment of our line of credit and accounts payable are expected to remain our principal recurring use of cash and working capital funds.

Net cash used in investing activities for the year ended December 31, 2004 was \$1,471,000 as compared to net cash used in investment activities of \$2,438,000 in 2003. The decrease in net cash used in investing activities was primarily attributable to decreased purchases of property and equipment and a decrease in expenditures for trademarks which was partially offset by an increase in deposits and other assets as well as decreased proceeds from the sale of property and equipment. Management, from time to time, considers the acquisition of capital equipment, particularly, specific items of production equipment required to produce certain of our products, merchandise display racks, vans and promotional vehicles, coolers and other promotional equipment and businesses compatible with the image of the Hansen's(r) brand, as well as the introduction of new product lines.

Net cash provided by financing activities was \$1,298,000 for the year ending December 31, 2004, as compared to net cash used in financing activities of \$2,486,000 in 2003. The increase in net cash provided by financing activities as compared to the prior year was primarily attributable to increased proceeds from the issuance of common stock during 2004, which was partially offset by principal payments of long-term debt.

HBC has a credit facility from Comerica Bank-California ("Comerica"), consisting of a revolving line of credit and a term loan. The utilization of the revolving line of credit by HBC is dependent upon certain levels of eligible accounts receivable and inventory from time to time. Such revolving line of credit and term loan are secured by substantially all of HBC's assets, including accounts receivable, inventory, trademarks, trademark licenses and certain equipment. In accordance with the provisions of the credit facility, HBC can borrow up to 6.0 million under its line of credit. The revolving line of credit remains in full force and effect through September 2005. Interest on borrowings under the line of credit is based on bank's base (prime) rate, plus an additional percentage of up to 0.5% or the LIBOR rate, plus an additional percentage of up to 2.5%, depending upon certain financial ratios of HBC from time to time. At December 31, 2004, HBC had no balances outstanding under the credit facility.

27

On March 1, 2005, the Company entered into an amendment of its credit facility with Comerica in terms of which HBC can borrow up to \$7.8 million under its revolving line of credit. Under the amendment, the revolving line of credit remains in full force and effect through June 1, 2006. Interest on borrowings under the line of credit varies depending on a predetermined ratio of the Company's funded senior debt to Earnings Before Interest Taxes Depreciation and Amortization. The current rate of interest is prime minus 1.5% or the 30 day LIBOR rate plus 1.25%.

The terms of the Company's line of credit contain certain financial covenants including certain financial ratios. The Company was in compliance with its covenants at December 31, 2004

If any event of default shall occur for any reason, whether voluntary or involuntary, Comerica may declare all or any portion outstanding on the line of credit immediately due and payable, exercise rights and remedies available to secured parties under the Uniform Commercial Code, institute legal proceedings to foreclose upon the lien and security interest granted or for the sale of any or all collateral.

Purchase obligations represent commitments made by the Company and its subsidiaries to various suppliers for raw materials used in the manufacturing and packaging of our products. These obligations vary in terms.

Other commitments represent our obligations under our agreement with the Las Vegas Monorail Company. See also "ITEM 1 - SALES AND MARKETING."

Management believes that cash available from operations, including cash resources and the revolving line of credit, will be sufficient for our working capital needs, including purchase commitments for raw materials and inventory, increases in accounts receivable, payments of tax liabilities, debt servicing, expansion and development needs, purchases of shares of our common stock, as well as any purchases of capital assets or equipment through December 31, 2005.

Accounting Policies and Pronouncements

Critical Accounting Policies

The Company's consolidated financial statements are prepared in accordance with accounting principals generally accepted in the United States of America ("GAAP".) GAAP requires the Company to make estimates and assumptions that affect the reported amounts in our consolidated financial statements including various allowances and reserves for accounts receivable and inventories, the estimated lives of long-lived assets and trademarks and trademark licenses as well as claims and contingencies arising out of litigation or other transactions that occur in the normal course of business. The following summarize the most significant accounting and reporting policies and practices of the Company:

Trademark License and Trademarks - Trademark license and trademarks primarily represent the Company's exclusive ownership of the Hansen's(r)

trademark in connection with the manufacture, sale and distribution of beverages and water and non-beverage products. The Company also owns in its own right, a number of other trademarks in the United States as well as in a number of countries around the world. The Company also owns the Blue Sky(r) trademark, which was acquired in September 2000, and the Junior Juice(r) trademark, which was acquired in May 2001. During 2002, the Company adopted SFAS No. 142, Goodwill and Other Intangible Assets. Under the provisions on SFAS No. 142, the Company discontinued amortization on indefinite-lived trademark licenses and trademarks while continuing to amortize remaining trademark licenses and trademarks over one to 25 years.

In accordance with SFAS No. 142, we evaluate our trademark license and trademarks annually for impairment or earlier if there is an indication of impairment. If there is an indication of impairment of identified intangible assets not subject to amortization, management compares the estimated fair value with the carrying amount of the asset. An impairment loss is recognized to write down the intangible asset to its fair value if it is less than the carrying amount. The fair value is calculated using the income approach. However, preparation of estimated expected future cash flows is inherently subjective and is based on management's best estimate of assumptions concerning expected future conditions. Based on management's annual impairment analysis performed for the fourth quarter of 2004, the estimated fair values of trademark license and trademarks exceeded the carrying value.

Long-Lived Assets - Management regularly reviews property and equipment and other long-lived assets, including certain identifiable intangibles, for possible impairment. This review occurs annually, or more frequently if events or changes in circumstances indicate the carrying amount of the asset may not be recoverable. If there is indication of impairment of property and equipment or amortizable intangible assets, then management prepares an estimate of future cash flows (undiscounted and without interest charges) expected to result from the use of the asset and its eventual disposition. If these cash flows are less than the carrying amount of the asset, an impairment loss is recognized to write down the asset to its estimated fair value. The fair value is estimated at the present value of the future cash flows discounted at a rate commensurate with management's estimates of the business risks. During 2004, management recognized an impairment to property and equipment as discussed in Note 3 of the attached financial statements.

Management believes that the accounting estimate related to impairment of its long lived assets, including its trademark license and trademarks, is a "critical accounting estimate" because: (1) it is highly susceptible to change from period to period because it requires company management to make assumptions about cash flows and discount rates; and (2) the impact that recognizing an impairment would have on the assets reported on our consolidated balance sheet, as well as net income, could be material. Management's assumptions about cash flows and discount rates require significant judgment because actual revenues and expenses have fluctuated in the past and are expected to continue to do so.

In estimating future revenues, we use internal budgets. Internal budgets are developed based on recent revenue data and future marketing plans for existing product lines and planned timing of future introductions of new products and their impact on our future cash flows.

Revenue Recognition - The Company records revenue at the time the related products are shipped and the risk of ownership and title has passed. Management believes an adequate provision against net sales has been made for estimated returns, allowances and cash discounts based on the Company's historical experience.

Advertising and Promotional Allowances - The Company accounts for advertising production costs by expensing such production costs the first time the related advertising takes place. In addition, the Company supports its customers with promotional allowances, a portion of which is utilized for marketing and indirect advertising by them. In certain instances, a portion of the promotional allowances payable to customers based on the levels of sales to such customers, promotion requirements or expected use of the allowances, are estimated by the Company. If the level of sales, promotion requirements or use of the allowances are different from such estimates, the promotional allowances could, to the extent based on estimates, require adjustments. During 2002, the Company adopted Emerging Issues Task Force ("EITF") No. 01-9 which requires certain sales promotions

and customer allowances previously classified as selling, general and administrative expenses to be classified as a reduction of sales or as cost of goods sold. The Company presents advertising and promotional allowances in accordance with the provisions of EITF No. 01-9.

29

Accounts Receivable - The Company evaluates the collectibility of its trade accounts receivable based on a number of factors. In circumstances where the Company becomes aware of a specific customer's inability to meet its financial obligations to the Company, a specific reserve for bad debts is estimated and recorded which reduces the recognized receivable to the estimated amount the Company believes will ultimately be collected. In addition to specific customer identification of potential bad debts, bad debt charges are recorded based on the Company's recent past loss history and an overall assessment of past due trade accounts receivable outstanding.

Inventories - Inventories are stated at the lower of cost to purchase and/or manufacture the inventory or the current estimated market value of the inventory. The Company regularly reviews its inventory quantities on hand and records a provision for excess and obsolete inventory based primarily on the Company's estimated forecast of product demand and/or its ability to sell the product(s) concerned and production requirements. Demand for the Company's products can fluctuate significantly. Factors which could affect demand for the Company's products include unanticipated changes in consumer preferences, general market conditions or other factors, which may result in cancellations of advance orders or a reduction in the rate of reorders placed by customers and/or continued weakening of economic conditions. Additionally, management's estimates of future product demand may be inaccurate, which could result in an understated or overstated provision required for excess and obsolete inventory.

Income Taxes - Current income tax expense is the amount of income taxes expected to be payable for the current year. A deferred income tax asset or liability is established for the expected future consequences of temporary differences in the financial reporting and tax bases of assets and liabilities. The Company considers future taxable income and ongoing, prudent and feasible tax planning strategies in assessing the value of its deferred tax assets. If the Company determines that it is more likely than not that these assets will not be realized, the Company will reduce the value of these assets to their expected realizable value, thereby decreasing net income. Evaluating the value of these assets is necessarily based on the Company's judgment. If the Company subsequently determined that the deferred tax assets, which had been written down, would be realized in the future, the value of the deferred tax assets would be increased, thereby increasing net income in the period when that determination was made. See Note 7 in Notes to Consolidated Financial Statements.

Newly Issued Accounting Pronouncements

Information regarding newly issued accounting pronouncements is contained in Note 1 to the Consolidated Financial Statements for the year ended December 31, 2004, which note is incorporated herein by this reference.

Sales

The table set forth below discloses selected quarterly data regarding sales for the past five years. Data from any one or more quarters is not necessarily indicative of annual results or continuing trends.

Sales of beverages are expressed in unit case volume. A "unit case" means a unit of measurement equal to 192 U.S. fluid ounces of finished beverage (24 eight-ounce servings) or concentrate sold that will yield 192 U.S. fluid ounces of finished beverage. Unit case volume of the Company means number of unit cases (or unit case equivalents) of beverages directly or indirectly sold by the Company. Sales of food bars and cereals are expressed in actual cases. A case of food bars and cereals is defined as follows:

30

* A fruit and grain bar and functional nutrition bar case equals ninety

1.76-ounce bars.

* A natural cereal case equals ten 13-ounce boxes measured by volume.

* An active nutrition bar case equals thirty-two 1.4-ounce bars.

The Company's quarterly results of operations reflect seasonal trends that are primarily the result of increased demand in the warmer months of the year. It has been our experience that beverage sales tend to be lower during the first and fourth quarters of each fiscal year. Because the primary historical market for Hansen's products is California, which has a year-long temperate climate, the effect of seasonal fluctuations on quarterly results may have been mitigated; however, such fluctuations may be more pronounced as the distribution of Hansen's products expands outside of California. The Company has not had sufficient experience with many of its newer product introductions and consequently has no knowledge of the trends which may occur with such products. Quarterly fluctuations may also be affected by other factors including the introduction of new products, the opening of new markets where temperature fluctuations are more pronounced, the addition of new bottlers and distributors, changes in the mix of the sales of its finished products and soda concentrates and increased advertising and promotional expenses. See also "ITEM 1. BUSINESS - SEASONALITY."

Forward Looking Statements

The Private Security Litigation Reform Act of 1995 (the "Act") provides a safe harbor for forward looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral forward looking statements, including statements contained in this report and other filings with the Securities and Exchange Commission and in reports to shareholders and announcements. Certain statements made in this report may constitute forward looking statements (within the meaning of Section 27.A of the Securities Act 1933, as amended, and Section 21.E of the Securities Exchange Act of 1934, as amended) regarding the expectations of management with respect to revenues, profitability, adequacy of funds from operations and our existing credit facility, among other things. All statements which address operating performance, events or developments that management expects or anticipates will or may occur in the future including statements related to new products, volume growth, revenues, profitability, adequacy of funds from operations, and/or the Company's existing credit facility, earnings per share growth, statements expressing general optimism about future operating results and non historical information, are forward looking statements within the meaning of the Act.

These statements are qualified by their terms and/or important factors, many of which are outside our control, involve a number of risks, uncertainties and other factors, that could cause actual results and events to differ

materially from the statements made including, but not limited to, the following:

Company's ability to generate sufficient cash flows to support capital expansion plans and general operating activities;

- * Decreased demand for our products resulting from changes in consumer preferences;
- * Changes in demand that are weather related, particularly in areas outside of California;
- * Competitive products and pricing pressures and the Company's ability to gain or maintain its share of sales in the marketplace as a result of actions by competitors;
- * The introduction of new products;
- * An inability to achieve volume growth through product and packaging initiatives;
- * Laws and regulations, and/or any changes therein, including changes in accounting standards, taxation requirements (including tax rate changes, new tax laws and revised tax law interpretations) and environmental laws as well as the Federal Food Drug and Cosmetic Act, the Dietary Supplement Health and Education Act, and regulations made thereunder or in connection therewith, as well as changes in any other food and drug laws, especially those that may affect the way in which the Company's products are marketed and/or labeled and/or sold, including the contents thereof, as well as laws and regulations or rules made or enforced by the Food and Drug Administration and/or the Bureau of Alcohol, Tobacco and Firearms, and/or Federal Trade Commission, and/or certain state regulatory agencies;
- * Changes in the cost and availability of raw materials and the ability to maintain favorable supply arrangements and relationships and procure timely and/or adequate production of all or any of the Company's products;
- * The Company's ability to achieve earnings forecasts, which may be based on projected volumes and sales of many product types and/or new products, certain of which are more profitable than others. There can be no assurance that the Company will achieve projected levels or mixes of product sales;
- * The Company's ability to penetrate new markets;
- * The marketing efforts of distributors of the Company's products, most of which distribute products that are competitive with the products of the Company;
- * Unilateral decisions by distributors, grocery chains, specialty chain stores, club stores and other customers to discontinue carrying all or any of the Company's products that they are carrying at any time;
- * The terms and/or availability of the Company's credit facility and the actions of its creditors;
- * The effectiveness of the Company's advertising, marketing and promotional programs;
- * Changes in product category consumption;
- * Unforeseen economic and political changes;
- * Possible recalls of the Company's products; and
- * The Company's ability to make suitable arrangements for the co-packing of any of its products including, but not limited to, its energy and functional drinks in 8.3-ounce slim cans and 16-ounce cans, smoothies in 11.5-ounce cans, E2O Energy Water(r), Energade(r), Monster Energy™ and Lost(r) energy drinks, Rumba™ energy juice, juices in 64-ounce PET plastic bottles and aseptic packaging, soy smoothies, sparkling orangeades and lemonades and apple cider in glass bottles and other products.

The foregoing list of important factors is not exhaustive.

32

Our actual results could be materially different from the results described or anticipated by our forward-looking statements due to the inherent uncertainty of estimates, forecasts and projections and may be better or worse than anticipated. Given these uncertainties, you should not rely on forward-looking statements. Forward-looking statements represent our estimates and assumptions only as of the date that they were made. We expressly disclaim any duty to provide updates to forward-looking statements, and the estimates and assumptions associated with them, after the date of this report, in order to reflect changes in circumstances or expectations or the occurrence of unanticipated events except to the extent required by applicable securities laws.

ITEM 7A. QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISKS

In the normal course of business, our financial position is routinely

subject to a variety of risks. The principal market risks (i.e., the risk of loss arising from adverse changes in market rates and prices) which the Company is exposed to are fluctuations in commodity prices affecting the cost of raw materials and changes in interest rates of the Company's long term debt and the limited availability of certain raw materials such as sucralose. We are also subject to market risks with respect to the cost of commodities because our ability to recover increased costs through higher pricing is limited by the competitive environment in which we operate. We are also subject to other risks associated with the business environment in which we operate, including the collectability of accounts receivable.

At December 31, 2004, the majority of the Company's debt consisted of fixed rather than variable rate debt. The amount of variable rate debt fluctuates during the year based on the Company's cash requirements. If average interest rates were to increase one percent for the year ended December 31, 2003, the net impact on the Company's pre-tax earnings would have been insignificant.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The information required to be furnished in response to this Item 8 follows the signature page hereto at pages 51 through 69.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures - Under the supervision and with the participation of the Company's management, including our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based upon this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are adequate and effective to ensure that material information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

There have been no significant changes in internal control over financial reporting that occurred during the fiscal period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting - Company management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Exchange Act Rule 13a-15(f). Under the supervision and with the participation of company management, including the principal executive officer and principal financial officer, the company conducted an evaluation of the effectiveness of its internal control over financial reporting based on the framework in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission as of December 31, 2004. Based on the company's evaluation under the framework in Internal Control - Integrated Framework, management concluded that the company's internal control over financial reporting was effective as of December 31, 2004.

33

Management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2004 has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in its report, which is included herein.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders
Hansen Natural Corporation
Corona, California

We have audited management's assessment, included in the accompanying Management Report on Internal Control over Financial Reporting, that Hansen Natural

Corporation and subsidiaries (the "Company") maintained effective internal control over financial reporting as of December 31, 2004, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

34

In our opinion, management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2004, is fairly stated, in all material respects, based on the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2004, based on the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule listed in Item 15(b) as of and for the years ended December 31, 2004 and 2003 of the Company and our report dated March 14, 2005 expressed an unqualified opinion on those financial statements and financial statement schedule.

Employee Stock Option Plans

The Company has a stock option plan (the "Plan") that provided for the grant of options to purchase up to 3,000,000 shares of the common stock of the Company to certain key employees of the Company and its subsidiaries. Options granted under the Plan may either be incentive stock options qualified under Section 422 of the Internal Revenue Code of 1986, as amended, or non-qualified options. Such options are exercisable at fair market value on the date of grant for a period of up to ten years. Under the Plan, shares subject to options may be purchased for cash, or for shares of common stock valued at fair market value on the date of purchase. Under the Plan, no additional options may be granted after July 1, 2001.

During 2001, the Company adopted the Hansen Natural Corporation 2001 Stock Option Plan ("2001 Option Plan"). The 2001 Option Plan provides for the grant of options to purchase up to 2,000,000 shares of the common stock of the Company to certain key employees of the Company and its subsidiaries. Options granted under the 2001 Stock Option Plan may be incentive stock options under Section 422 of the Internal Revenue Code, as amended (the "Code"), nonqualified stock options, or stock appreciation rights.

The Plan and the 2001 Option Plan are administered by the Compensation Committee of the Board of Directors of the Company, comprised of directors who satisfy the "non-employee" director requirements of Rule 16b-3 under the Securities Exchange Act of 1934 and the "outside director" provision of Section 162(m) of the Code. Grants under the Plan and the 2001 Option Plan are made pursuant to individual agreements between the Company and each grantee that specifies the terms of the grant, including the exercise price, exercise period, vesting and other terms thereof.

Outside Directors Stock Option Plan

The Company has an option plan for its outside directors (the "Directors Plan") that provides for the grant of options to purchase up to an aggregate of 100,000 shares of common stock of the Company to directors of the Company who are not and have not been employed by or acted as consultants to the Company and

its subsidiaries or affiliates and who are not and have not been nominated to the Board of Directors of the Company pursuant to a contractual arrangement. On the date of the annual meeting of stockholders at which an eligible director is initially elected, each eligible director is entitled to receive a one-time grant of an option to purchase 6,000 shares (12,000 shares if the director is serving on a committee of the Board) of the Company's Common Stock exercisable at the closing price for a share of common stock on the date of grant. Options become exercisable one-third each on the first, second and third anniversary of the date of grant; provided that all options held by an eligible director become fully and immediately exercisable upon a change in control of the Company. Options granted under the Directors Plan that are not exercised generally expire ten years after the date of grant. Option grants may be made under the Directors Plan for ten years from the effective date of the Directors Plan. The Directors Plan is a "formula plan" so that a non-employee director's participation in the Directors Plan does not affect his status as a "disinterested person" (as defined in Rule 16b-3 under the Securities Exchange Act of 1934).

Our audits also included the financial statement schedule listed in Item 15(b). These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Hansen Natural Corporation and subsidiaries as of December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

HANSEN NATURAL CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2004, 2003 AND 2002

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Hansen Natural Corporation (the "Company" or "Hansen") was incorporated in Delaware on April 25, 1990. The Company is a holding company and has no operating business except through its direct wholly-owned subsidiaries, Hansen Beverage Company ("HBC") which was incorporated in Delaware on June 8, 1992 and Hard e Beverage Company ("HEB") formerly known as Hard Energy Company, and previously known as CVI Ventures, Inc., which was incorporated in Delaware on April 30, 1990. HBC conducts the vast majority of the Company's operating business and generates substantially all of the Company's operating revenues. References herein to "Hansen" or the "Company" when used to describe the operating business of the Company are references to the business of HBC unless otherwise indicated, and references herein to HEB when used to describe the operating business of HEB, are references to the Hard e brand business of HEB unless otherwise indicated.

In addition, HBC, through its wholly-owned subsidiaries, Blue Sky Natural Beverage Co. ("Blue Sky") and Hansen Junior Juice Company ("Junior Juice") owns and operates the natural soda business under the Blue Sky(r) trademark and the Junior Juice beverage business under the Junior Juice trademarks, respectively.

Nature of Operations -Hansen markets and distributes Hansen's(r) Natural Sodas, Signature Sodas, fruit juice and soy Smoothies, Energy drinks, Energade(r) energy sports drinks, E20 Energy Water(r), functional drinks, Sparkling Lemonades and Orangeades, multi-vitamin juice drinks in aseptic

packaging, Junior Juice(r) juice, iced teas, lemonades and juice cocktails, apple juice, cider and juice blends, as well as nutrition bars, Blue Sky(r) brand carbonated beverages, Monster Energy™ brand energy drinks and Lost(r) Energy brand energy drinks and Rumba™ brand Energy Juice.

Basis of Presentation - The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles").

Principles of Consolidation - The accompanying consolidated financial statements include the accounts of Hansen and its wholly owned subsidiaries, HBC, HEB, Blue Sky and Junior Juice since their respective dates of incorporation. All intercompany balances and transactions have been eliminated in consolidation.

Reclassifications - Certain reclassifications have been made in the consolidated financial statements to conform to the 2004 presentation.

Cash and Cash Equivalents - The Company considers certificates of deposit with original maturities of three months or less to be cash and cash equivalents. The Company maintains cash deposits with major banks which from time to time may exceed federally insured limits. The Company periodically assesses the financial condition of the institutions and believes that the risk of any loss is minimal.

Inventories - Inventories are valued at the lower of first-in, first-out (FIFO) cost or market value (net realizable value).

Property and Equipment - Property and equipment are stated at cost. Depreciation of furniture, office equipment, equipment and vehicles is based on their estimated useful lives (three to ten years) and is calculated using the straight-line method. Amortization of leasehold improvements is based on the lesser of their estimated useful lives or the terms of the related leases and is calculated using the straight-line method.

56

Trademark License and Trademarks - Trademark license and trademarks represents the Company's exclusive ownership of the Hansen's(r) trademark in connection with the manufacture, sale and distribution of beverages and water and non-beverage products. The Company also owns a number of other trademarks in the United States as well as in a number of countries around the world. The Company also owns the Blue Sky(r) trademark, which was acquired in September 2000, and the Junior Juice(r) trademark, which was acquired in May 2001. The Company amortizes its trademark license and trademarks over 1 to 25 years. Upon the adoption of Statement of Financial Accounting Standards ("SFAS") No. 142, the Company ceased the amortization of indefinite life assets.

Long-Lived Assets - Management regularly reviews property and equipment and other long-lived assets, including certain identifiable intangibles, for possible impairment. This review occurs annually, or more frequently if events or changes in circumstances indicate the carrying amount of the asset may not be recoverable. If there is indication of impairment of property and equipment or amortizable intangible assets, then management prepares an estimate of future cash flows (undiscounted and without interest charges) expected to result from the use of the asset and its eventual disposition. If these cash flows are less than the carrying amount of the asset, an impairment loss is recognized to write down the asset to its estimated fair value. The fair value is estimated at the present value of the future cash flows discounted at a rate commensurate with management's estimates of the business risks. Annually, or earlier, if there is indication of impairment of identified intangible assets not subject to amortization, management compares the estimated fair value with the carrying amount of the asset. An impairment loss is recognized to write down the intangible asset to its fair value if it is less than the carrying amount. Preparation of estimated expected future cash flows is inherently subjective and is based on management's best estimate of assumptions concerning expected future conditions. During 2004, management recognized an impairment to property and equipment as discussed in Note 3.

Revenue Recognition - The Company records revenue at the time the related products are shipped and the risk of ownership and title has passed. Management believes an adequate provision against net sales has been made for estimated returns, allowances and cash discounts based on the Company's historical experience.

Freight Costs and Reimbursement of Freight Costs - In accordance with Emerging Issues Task Force ("EITF") No. 00-10, Accounting for Shipping and Handling Fees and Costs, reimbursements of freight charges are recorded in net sales in the accompanying consolidated statements of income. For the years ended December 31, 2004, 2003 and 2002, freight-out costs amounted to \$10.7 million, \$7.0 million and \$5.8 million, respectively, and have been recorded in selling, general and administrative expenses in the accompanying consolidated statements of income.

Advertising and Promotional Allowances - The Company accounts for advertising production costs by expensing such production costs the first time the related advertising takes place. Advertising expenses amounted to \$11.5 million, \$8.8 million and \$7.3 million for the years ended December 31, 2004, 2003 and 2002, respectively. Advertising expenses were included in selling, general and administrative expenses with the exception of coupon expenses which were included as a reduction of net sales. In addition, the Company supports its customers, including distributors, with promotional allowances, a portion of which is utilized for marketing and indirect advertising by them. In certain instances, a portion of the promotional allowances payable to customers is based on the levels of sales to such customers. Promotion requirements or expected use of the allowances, are estimated by the Company. If the level of sales, promotion requirements or use of the allowances are different from such estimates, the promotional allowances could, to the extent based on estimates, require adjustments. Such promotional allowances amounted to \$35.5 million, \$17.2 million and \$13.5 million for the years ended December 31, 2004, 2003 and 2002, respectively and were included in discounts, allowances and promotional payments.

57

Income Taxes - The Company accounts for income taxes under the provisions of SFAS No. 109, Accounting for Income Taxes. This statement requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's financial statements or tax returns. Measurement of the deferred items is based on enacted tax laws. In the event the future consequences of differences between financial reporting bases and tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax asset will not be realized.

Stock-Based Compensation - The Company accounts for its stock option plans in accordance with Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, and related Interpretations. Under APB Opinion No. 25, no compensation expense is recognized because the exercise price of the Company's employee stock options equals the market price of the underlying stock at the date of the grant. In December 2002, the Financial Accounting Standards Board ("FASB") issued SFAS No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure. SFAS No. 148 amends SFAS No. 123, Accounting for Stock-based Compensation, and was effective immediately upon issuance. The Company follows the requirements of APB Opinion No. 25 and the disclosure-only provision of SFAS No. 123, as amended by SFAS No. 148. Had compensation cost for the Company's option plans been determined based on the fair value at the grant date for awards consistent with the provisions of SFAS No. 123, the Company's net income and net income per common share for the years ended December 31, 2004 and 2003 would have been reduced to the pro forma amounts indicated below:

2004	0%	46%	4.0%	8 years
2003	0%	12%	3.5%	8 years

Net Income Per Common Share - In accordance with SFAS No. 128, Earnings per Share, net income per common share, on a basic and diluted basis, is presented for all periods. Basic net income per share is computed by dividing net income by the weighted average number of common shares outstanding. Diluted net income per share is computed by dividing net income by the weighted average number of common and dilutive common equivalent shares outstanding, if dilutive. Weighted average common equivalent shares include stock options and purchases of the Company's common stock, held in treasury, using the treasury stock method.

Concentration Risk - Certain of the Company's products utilize components (raw materials and/or co-packing services) from a limited number of sources. A disruption in the supply of such components could significantly affect the Company's revenues from those products, as alternative sources of such components may not be available at commercially reasonable rates or within a reasonably short time period. The Company continues to take steps on an ongoing basis to secure the availability of alternative sources for such components and minimize the risk of any disruption in production.

One customer accounted for approximately 8%, 15% and 18% of the Company's sales for the years ended December 31, 2004, 2003 and 2002, respectively. A decision by that, or any other major customer, to decrease the amount purchased from the Company or to cease carrying the Company's products could have a material adverse effect on the Company's financial condition and consolidated results of operations.

During 2004, 2003 and 2002, sales outside of California represented 56%, 47% and 42% of the aggregate sales of the Company, respectively.

Credit Risk - The Company sells its products nationally, primarily to retailers and beverage distributors. The Company performs ongoing credit evaluations of its customers and generally does not require collateral. The Company maintains reserves for estimated credit losses, and historically, such losses have been within management's expectations.

Fair Value of Financial Instruments - At December 31, 2004 and 2003, the carrying values of cash, accounts receivable and accounts payable approximate fair value because of the short maturity of these financial instruments. Long-term debt bears interest at a rate comparable to the prime rate; therefore, management believes the carrying amount for the outstanding borrowings at December 31, 2004 approximates fair value.

Use of Estimates - The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Segment Information - The Company's operating segments have been aggregated into one reportable segment due to similarities of the economic characteristics

and nature of operations among the operations represented by the Company's various product lines.

Change in Accounting for Goodwill and Other Intangible Assets - Effective January 1, 2002, the Company adopted the provisions of SFAS No. 142, Goodwill and Other Intangible Assets. This statement discontinued the amortization of goodwill and indefinite-lived intangible assets, subject to periodic impairment testing. Upon adoption of SFAS No. 142, the Company evaluated the useful lives of its various trademark licenses and trademarks and concluded that certain of the trademark licenses and trademarks have indefinite lives. Unamortized trademark licenses and trademarks deemed to have indefinite lives ceased to be amortized effective January 1, 2002 and are subject to annual impairment analysis.

As of December 31, 2003 and 2004, the trademark licenses and trademarks were tested for impairment in accordance with the provisions of SFAS No. 142. Fair values were estimated based on the Company's best estimate of the expected present value of future cash flows. No amounts were impaired at those times. The following provides additional information concerning the Company's trademark licenses and trademarks as of December 31:

59

	2004	2003
	----	----
Amortizing trademark licenses and trademarks	\$ 1,169,248	\$ 1,155,803
Accumulated amortization	(219,264)	(146,218)
	-----	-----
	949,984	1,009,585
Nonamortizing trademark licenses and trademarks	17,401,820	17,284,119
	-----	-----
	\$18,351,804	\$18,293,704
	=====	=====

All amortizing trademark licenses and trademarks have been assigned an estimated finite useful life, and are amortized on a straight-line basis over the number of years that approximate their respective useful lives ranging from 1 to 25 years (weighted-average life of 23 years). The straight-line method of amortization allocates the cost of the trademark licenses and trademarks to earnings over the period of expected benefit. Total amortization expense during the year ended December 31, 2004 was \$73,046. As of December 31, 2004, future estimated amortization expense related to amortizing trademark licenses and trademarks through the year ended December 31, 2009 is:

2005	\$55,214
2006	55,214
2007	55,214
2008	55,066
2009	55,066

Newly Issued Accounting Pronouncements - In November 2004, FASB issued statement of Financial Accounting Standard No. 151, "Inventory Costs". The new Statement amends Accounting Research Bulletin No. 43, Chapter 4, "Inventory Pricing," to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs, and wasted material. This Statement requires that those items be recognized as current-period charges and requires that allocation of fixed production overheads to the cost of conversion be based on the normal capacity of the production facilities. This statement is effective for fiscal years beginning after June 15, 2005. The Company does not expect adoption of this statement to have a material impact on our financial condition or results of operations.

In December 2004, the FASB issued SFAS No. 153, Exchanges of Nonmonetary Assets - An Amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions. This statement amends APB Opinion No. 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. A nonmonetary exchange has commercial substance if the future cash flows of the entity are expected to change significantly as a result of the exchange. The provision in SFAS No. 153 are effective for nonmonetary asset exchanges incurred during fiscal years beginning after June 15, 2005. The Company is currently evaluating the effect, if any, of adopting SFAS No. 153.

In December 2004, FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment. This Statement replaces FASB Statement No. 123 and supersedes APB Opinion No. 25. Statement No. 123(R) will require the fair value of all stock option awards issued to employees to be recorded as an expense over the related vesting period. The Statement also requires the recognition of compensation expense for the fair value of any unvested stock option awards outstanding at the date of adoption. This standard is effective for the company as of July 1, 2005. Management has not completed their evaluation of the effect of these new rules on future statements.

A portion of the equipment owned by the Company is comprised of equipment and machinery that was utilized on a can line operated by a third party to manufacture certain products, who subsequently ceased operations. At December 31, 2004, such equipment and machinery was idle and management had not finalized its review of alternatives regarding the use thereof in prospective periods. Accordingly, such equipment and machinery is included in Property and Equipment as idle. Based on management's assessment of the marketplace for this equipment and machinery with advice from an independent equipment broker, management recorded an impairment charge in cost of sales of \$587,876 to reduce the carrying cost of this asset to its fair value of \$232,308. If the equipment and machinery is reinstated or refurbished, management will amortize the reduced carrying value over an estimate of its productive life when placed in service.

4. DEBT

HBC has a credit facility from Comerica Bank-California ("Comerica"), consisting of a revolving line of credit and a term loan. Such revolving line of credit and term loan were secured by substantially all of HBC's assets, including accounts receivable, inventory, trademarks, trademark licenses and certain equipment. In accordance with the provisions of the credit facility, HBC can borrow up to \$6.0 million under its revolving line of credit. The revolving line of credit remains in full force and effect through September 2005. Interest on borrowings under the line of credit is based on the bank's base (prime) rate, plus an additional percentage of up to 0.5% or the LIBOR rate, plus an additional percentage of up to 2.5%, depending upon certain financial ratios of the Company. The Company had no outstanding borrowings on the line of credit at

December 31, 2004.

On March 1, 2005, the Company entered into an amendment of its credit facility with Comerica in terms of which HBC can borrow up to \$7.8 million under its revolving line of credit. Under the amendment, the revolving line of credit remains in full force and effect through June 1, 2006. Interest on borrowings under the line of credit varies depending on a predetermined ratio of the Company's funded senior debt to Earnings Before Interest Taxes Depreciation and Amortization. The current rate of interest is prime minus 1.5% or the 30 day LIBOR rate plus 1.25%.

61

The terms of the Company's line of credit contain certain financial covenants including certain financial ratios. The Company was in compliance with its covenants at December 31, 2004.

During 2000, the Company entered into capital leases for acquisition of certain vehicles, payable over a five-year period and having an effective interest rate of 8.8%. During 2004, the Company entered into capital leases for acquisition of certain vehicles, payable over a 12 month period and having an average effective interest rate of 5.4%.

Long-term debt consists of the following at December 31:

At December 31, 2004 and 2003, the assets acquired under capital leases had a net book value of \$379,775 and \$121,178, net of accumulated depreciation of \$518,988 and \$418,465, respectively.

Interest expense amounted to \$35,988, \$66,592 and \$224,748 for the years ended December 31, 2004, 2003 and 2002, respectively.

5. EARNINGS PER SHARE

A reconciliation of the weighted average shares used in the basic and diluted earnings per common share computations for the three and years ended December 31, 2004 and 2003 is presented below:

	2004	2003

Weighted-average shares outstanding:

For the years ended December 31, 2004 and 2003, options outstanding totaling 34,500 and 20,000 shares respectively, were excluded from the calculations, as their effect would have been antidilutive.

6. COMMITMENTS AND CONTINGENCIES

Operating Leases - The Company leases its warehouse facility and corporate offices under a 10 year lease beginning October 2000, when the Company first occupied the facility. The facility lease and certain equipment and other noncancelable operating leases expire through 2010. The facility lease has scheduled rent increases which are accounted for on a straight-line basis. Rent expense under such leases amounted to \$965,730, \$660,616, and \$643,827 for the years ended December 31, 2004, 2003 and 2002, respectively. In January 2004, the Company entered into a lease for additional warehouse space. This lease expires in March 2008 with an option to renew through 2010.

Future minimum rental payments at December 31, 2004 under the leases referred to above are as follows:

Year ending December 31:	
2005	\$ 980,473
2006	1,027,242
2007	1,040,332
2008	775,683
2009	685,560
Thereafter	514,170

	\$ 5,023,460
	=====

Purchase Commitments - The Company has purchase commitments aggregating approximately \$17,735,238, which represent commitments made by the Company and its subsidiaries to various suppliers of raw materials for the manufacturing and packaging of its products. These obligations vary in terms.

Advertising Commitment - In March 2003, HBC entered into an advertising display agreement ("Monorail Agreement") with the Las Vegas Monorail Company ("LVMC") in terms of which HBC was granted the right, in consideration of the payment by HBC to LVMC of the sum of \$1,000,000 per year, payable quarterly, to advertise and promote its products on a designated four car monorail vehicle as well as the right to sell certain of its products on all monorail stations for payment of additional consideration.

The initial term of the Monorail Agreement commenced in July 2004. The initial term of the Monorail Agreement ends on the first anniversary of its commencement date. However due to interruptions in the operations of the Monorail, it is likely the commencement date of the initial term will be extended. Not less than 120 days before the expiration of the initial term and each renewal term, as the case may be, HBC has the right to renew the Monorail Agreement for a further one year term up to a maximum of nine additional one year terms and the LVMC has the right, notwithstanding such election by HBC, to terminate the Monorail Agreement at the expiration of the then current term.

Licensing Agreements - The Company produces, sells and distributes Lost(r) Energy drinks under an exclusive license with Lost International LLC. The license agreement requires certain royalty payments to be made related to the sale of Lost(r) brand products.

Employment and Consulting Agreements - On June 1, 2003, the Company entered into an employment agreement with Rodney C. Sacks and Hilton H. Schlosberg pursuant to which Mr. Sacks and Mr. Schlosberg render services to the Company as its Chairman and Chief Executive Officer, and its Vice Chairman, President and Chief Financial Officer, respectively. The agreements provide for an annual base salary of \$230,000 each for the 7 months ended December 31, 2003, increasing to \$245,000 for the year ending December 31, 2004 and increasing by a minimum of 5% for each subsequent twelve-month period during the employment period. In addition, the agreement provides for an annual bonus in an amount determined at the discretion of the Board of Directors of the Company as well as certain fringe benefits for the period commencing June 1, 2003 and ending December 31, 2008.

Litigation - The Company is subject to, and involved in, claims and contingencies related to lawsuits and other matters arising out of the normal course of business. The ultimate liability associated with such claims and contingencies, if any, is not likely to have a material adverse effect on the financial condition of the Company.

In September 2004 Barrington Capital Corporation through an alleged successor in interest, Sandburg Financial Corporation (both entities with whom the Company has never had any dealings) served a Notice of Motion ("Motion") on the Company and each of its subsidiaries as well as on a number of other unrelated entities and individuals. The Motion seeks to amend a default judgment granted against a completely unconnected company, Hansen Foods, Inc., to add the Company and its subsidiary companies, as well as the other entities and individuals cited, as judgment debtors. The default judgment was entered on February 15, 1996, for \$7,626,000 plus legal interest and attorneys' fees in the sum of \$211,000 arising out of a breach of contract claim that allegedly occurred in the 1980's. Barrington Capital Corporation's/Sandburg Financial Corporation's claim is based on the misconceived and unsubstantiated theory that the Company and its subsidiaries are alter egos and/or successors of Hansen Foods, Inc. The Motion is based on demonstrably false allegations, misstated legal propositions and lacks any substantial supporting evidence. The Company and its subsidiaries intend to vigorously oppose the Motion and believe that the Motion is without any merit. The Company does not believe the Motion will have a material adverse effect on the financial condition of the Company.

Guarantees - The Company from time to time enters into certain types of contracts that contingently require the Company to indemnify parties against third party claims. These contracts primarily relate to: (i) certain agreements with the Company's officers, directors and employees under which the Company may be required to indemnify such persons for liabilities arising out of their employment relationship, (ii) certain distribution or purchase agreements under which the Company may have to indemnify the Company's customers from any claim, liability or loss arising out of any actual or alleged injury or damages suffered in connection with the consumption or purchase of the Company's products, and (iii) certain real estate leases, under which the Company may be required to indemnify property owners for liabilities and other claims arising from the Company's use of the applicable premises.

The terms of such obligations vary. Generally, a maximum obligation is not explicitly stated. Because the obligated amounts of these types of agreements often are not explicitly stated, the overall maximum amount of the obligations cannot be reasonably estimated. Further, the Company believes that its insurance coverage is adequate to cover any liabilities or claims arising out of such instances referred to above. Historically, the Company has not been obligated to make significant payments for these obligations and accordingly, the Company has valued these obligations at \$0 on its consolidated balance sheets as of December 31, 2004 and 2003.

The Company believes it has adequately provided for income tax issues not yet resolved with state tax authorities. At December 31, 2004, \$394,597, was accrued for such matters. Although not probable, the most adverse resolution of these issues could result in additional charges to earnings in future periods. Upon consideration of all relevant facts and circumstances, the Company does not believe the ultimate resolution of these tax issues for all open tax periods will have a material adverse effect upon its results of operations or financial condition.

The Company has three stock option plans, the Hansen Natural Corporation 2001 Stock Option Plan ("2001 Option Plan"), the Employee Stock Option Plan (the "Plan") and the Outside Directors Stock Option Plan ("Directors Plan").

During 2001, the Company adopted the 2001 Option Plan which provides for the grant of options to purchase up to 2,000,000 shares of the common stock of the Company to certain key employees of the Company and its subsidiaries. Options granted under the 2001 Option Plan may be incentive stock options under Section 422 of the Internal Revenue Code, as amended (the "Code"), nonqualified stock options, or stock appreciation rights. Stock options are exercisable at such time and in such amounts as determined by the Compensation Committee of the Board of Directors of the Company up to a ten-year period after their date of grant. As of December 31, 2004, options to purchase 1,227,100 shares of Hansen common stock had been granted under the 2001 Option Plan and options to purchase 772,900 shares of Hansen common stock remain available for grant under the 2001 Option Plan.

The Plan, as amended, provided for the granting of options to purchase not more than 3,000,000 shares of Hansen common stock to key employees of the Company and its subsidiaries through July 1, 2001. Stock options are exercisable at such time and in such amounts as determined by the Compensation Committee of the Board of Directors of the Company up to a ten-year period after their date of grant, and no options may be granted after July 1, 2001. The option price will not be less than the fair market value at the date of grant. As of December 31, 2004, options to purchase 2,095,700 shares of Hansen common stock had been granted under the Plan, net of options that have expired.

The Directors Plan provides for the grant of options to purchase up to 100,000 shares of common stock of the Company to directors of the Company who are not and have not been employed by or acted as consultants to the Company and its subsidiaries or affiliates and who are not and have not been nominated to the Board of Directors of the Company (the "Board") pursuant to a contractual arrangement. On the date of the annual meeting of shareholders, at which an eligible director is initially elected, each eligible director is entitled to receive a one-time grant of an option to purchase 6,000 shares (12,000 shares if the director is serving on a committee of the Board) of the Company's common stock, exercisable one-third each on the first, second and third anniversary of the date of grant; provided, however, that options granted as of February 14, 1995, are exercisable 66 2/3% on the date of grant and 100% on July 8, 1995; provided, further, that all options held by an eligible director become fully and immediately exercisable upon a change in control of the Company. Options granted under the Directors Plan that are not exercised generally expire ten years after the date of grant. Option grants may be made under the Directors Plan for ten years from the effective date of the Directors Plan. The Directors Plan is a "formula" plan so that a nonemployee director's participation in the Directors Plan does not affect his status as a "disinterested person" (as defined in Rule 16b-3 under the Securities Exchange Act of 1934). As of December 31, 2004, options to purchase 48,000 shares of Hansen common stock had been granted under the Directors Plan and options to purchase 52,000 shares of Hansen common stock remained available for grant.

During the years ended December 31, 2004, 2003 and 2002, the Company granted 371,000, 355,000 and 529,500 options to purchase shares under the 2001 Option Plan and the Directors Plan at a weighted-average grant date fair value of \$6.68, \$1.27 and \$1.12, respectively. Additional information regarding the plans is as follows:

13 WARRANTY AND INDEMNITY

13.1 To the extent the Liabilities (defined below) are not paid from insurance required to be maintained under this Agreement, each party does hereby agree to indemnify, protect, defend, and hold harmless (such indemnifying party being referred to as the "indemnitor") the other party (the "indemnitee") and the indemnitee's officers, agents, attorneys, customers, directors, subsidiaries, affiliates, parents, employees, licensees (collectively, the "Indemnified Parties") for, from and against all claims, demands, liabilities, damages, costs, suits, losses, liens, expenses, causes of action, judgments and fees (including court costs, reasonable attorneys' fees, costs of investigation, penalties, interest, and amounts paid in settlement) of any nature, kind or description or of any person or entity whomsoever, arising out of, or alleged to have arisen out of (in whole or in part) the performance of this Agreement and arising from the breach or warranties and guarantees set forth in Part 9; the negligence or misconduct of the indemnitor or any act outside the scope of the indemnitor's authority under this Agreement (collectively, the "Liabilities"). When the Liabilities are caused by the joint negligence or misconduct of both parties, or by the indemnitor and a third party (except the indemnitor's agents, employees, customers, licensees or invitees), the indemnitor's duty to defend, indemnify and hold the indemnitee harmless shall be in proportion to the indemnitor's allocable share of the joint negligence or misconduct. Upon either party's receipt of written notice of any action, administrative or legal proceeding or investigation to which this indemnification may apply, such party shall promptly advise the other party in writing of the same, and the indemnitor shall assume on behalf of the indemnitee (and the other Indemnified Parties) and conduct with due

diligence and in good faith the defense thereof with counsel satisfactory to the indemnitee; provided, however, that the indemnitee shall have the right, at its option, to be represented by advisory counsel of its own selection and at its own expense. In the event of failure by the indemnitor to fully perform in accordance with this paragraph, the indemnitee, at its option, and without relieving the indemnitor of its obligations, subject to the notice requirements of Paragraph 18, may so perform, but all costs and expenses so incurred by the indemnitee in that event shall be reimbursed by the indemnitor to the indemnitee, together with interest on the same from the date of the indemnitee's payment of such expense to the date of payment by the indemnitor at the rate of interest provided to be paid on judgments signed and entered in the State Superior Courts of California. Payment of any amount payable under this Paragraph 13 shall be made within five (5) days after receipt of written demand therefore. Such demand shall contain sufficient facts to apprise the indemnitor of the basis for such demand for indemnity. The indemnitee shall be entitled to any and all remedies available at law or in equity, including without limitation, damages and all equitable remedies, as a means of collecting the indemnification to which entitled. All remedies for which the indemnitee shall be entitled shall be deemed independent and cumulative of one another. The obligations and indemnity provided for in this Paragraph 13 and Paragraph 9, shall survive the termination of this Agreement.

8

13.2 Contractor shall maintain, at its cost, throughout the term of this Agreement and for at least one year following the termination, expiration or non-renewal of this Agreement for any reason the following insurance of the type specified below:

13.2.a Commercial General Liability: \$5,000,000 per occurrence; including Product Liability of not less than \$5,000,000 per occurrence; and

13.2.b Worker's Compensation coverage in accordance with all applicable laws including Employer's Liability: \$1,000,000 per occurrence.

13.3 Contractor shall furnish Customer with a certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. All certificates shall provide for thirty (30) days written notice to Customer prior to the cancellation or material change of any insurance referred to therein.

13.4 Such insurance shall be carried with an insurance carrier with an A.M. Best rating of A- or in the absence of an AM Best rating, a full BBB rating from S&P.

13.5 Failure of Customer to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Customer to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance. By requiring insurance herein, Customer does not represent that coverage and limits will necessarily be adequate to protect Contractor and such coverage and limits shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Customer in this contract.

9

14 FORCE MAJEURE

14.1 Either party shall be excused from performance and liability under this Agreement while and to the extent that such performance is prevented by an Act of God, strike or other labor dispute, labor stoppage, acts of terrorism, war or war condition, riot, civil disorder, government regulation, embargo, fire, flood, accident or any other casualty beyond the reasonable control of such party.

15 RELATIONSHIP

15.1 The relationship which Contractor holds as to Customer is that of an independent contractor. This Agreement is not intended to create and shall not be construed as creating between Customer and Contractor the relationship of principal and agent, joint venturers, co-partners or any

other similar relationship, the existence of which is hereby expressly denied, nor shall Contractor be considered in any sense an affiliate or subsidiary of Customer other than as provided for in paragraph 0. Contractor shall not have any authority to create or assume in Customer's name or on its behalf any obligation, expressed or implied, or to act or purport to act as Customer's agent or legally empowered representative for any purpose whatsoever. - 2.2 Forecasts. Prior to the beginning of each calendar quarter, Purchaser shall provide to 7UP/RC a written forecast of the number of cases of Product by flavor and package size expected to be ordered in the following three (3) month period. Each semi annual period of the Borrower, the Applicable Base Rate Margin, the Applicable LIBOR Rate Margin and the applicable Letter of Credit Fee will be determined by the Bank after review of the Senior Debt to EBITDA of Hansen Natural on a consolidated basis according to the June 30 10Q's and December 31 10-K's of Hansen Natural. The Senior Debt to EBITDA at June 30 and December 31, must meet the above referenced thresholds for any decrease in the Applicable LIBOR Rate Margin and the Applicable Base Rate Margin to occur and the Applicable Letter of Credit Fee to decrease. All interest chargeable under this Agreement that is based upon a per annum calculation shall be computed on the basis of a three hundred sixty (360) day year for actual days elapsed. The Base Rate as of the date of this Agreement is five percent (5.00%) per annum. All interest payable by Borrower under the Credit shall be due and payable on the first day of each calendar month during the term of this Agreement. A late payment charge equal to five percent (5%) of each late payment may be charged on any payment not received by Bank within ten (10) calendar days after the payment due date, but acceptance of payment of this charge shall not waive any Event of Default under this Agreement. Upon the occurrence of an Event of Default hereunder, and without constituting a waiver of any such Event of Default, then during the continuation thereof, at Bank's option, the Credit shall bear interest, on the Daily Balance owing, at a rate equal to three percent (3%) per year in excess of the rate applicable immediately prior to the occurrence of the Event of Default, and such rate of interest shall fluctuate thereafter from time to time at the same time and in the same amount as any fluctuation in the rate of interest applicable immediately prior to any such occurrence.

2.3 Subject to the terms and conditions of this Agreement, Bank agrees to issue or cause to be issued letters of credit for the account of Borrower during the term of this Agreement in the aggregate outstanding face amount not to exceed the Credit Limit minus the then outstanding Daily Balance, provided that the Letter of Credit Obligations shall not in any case exceed One Million Two Hundred Thousand Dollars (\$1,200,000). 3.2 Notwithstanding the foregoing, should Borrower be in default of one or more of the provisions of this Agreement, Bank may terminate this Agreement at any time without notice. Notwithstanding the foregoing, should either Bank or Borrower become insolvent or unable to meet its debts as they mature, or fail, suspend, or go out of business, the other party shall have the right to terminate this Agreement at any time without notice. On the date of termination all Indebtedness shall become immediately due and payable without notice or demand; provided, however, that no such notice of termination by Borrower shall be effective until the payment in full in cash of all Indebtedness to Bank

(including without limitation the expiration or cash collateralization of all Letter of Credit Obligations in accordance with the terms and conditions of this Agreement). Any notice of termination given by Borrower shall be irrevocable unless Bank otherwise agrees in writing, and Bank shall have no obligation to make any loans or issue any letters of credit on or after the termination date stated in such notice. Borrower may elect to terminate this Agreement in its entirety only. No section of this Agreement or type of loan available hereunder may be terminated singly.

3.3 All undertakings, agreements, covenants, warranties, and representations of Borrower contained in this Agreement or any other document, instrument or agreement entered into with or in favor of Bank in connection herewith shall survive any such termination, and Bank shall retain its security interest in and to all existing Collateral and Collateral arising thereafter, any and all liens thereon, and all of its rights and remedies under this Agreement or any other document, instrument or agreement entered into with or in favor of Bank in connection herewith notwithstanding such termination until the payment in full in cash of all Indebtedness to Bank (including, without limitation, the expiration or cash collateralization of all of all Letter of Credit Obligations in accordance with the terms and conditions of this Agreement and the payment in full of all applicable termination charges, if any). Notwithstanding the satisfaction in full of the Indebtedness, Bank shall not be required to terminate its security interests in the Collateral unless, with respect to any loss or damage Bank may incur as a result of dishonored checks or other items of payment received by Bank and applied to the Indebtedness, Bank shall, at its option, (a) have received a written agreement, executed by Borrower and by any Person whose loans or other advances to Borrower are used in whole or in part to satisfy the Indebtedness, indemnifying Bank from any such loss or damage, or (b) have retained such monetary reserves and liens on the Collateral for such period of time as Bank, in its reasonable discretion, may deem necessary to protect Bank from any such loss or damage.

4

3.4 After termination and when Bank has received payment in full of Borrower's Indebtedness to Bank, Bank shall reassign to Borrower all Collateral held by Bank, and shall execute a termination of all security agreements and security interests given by Borrower to Bank.

4. CREATION OF SECURITY INTEREST.

4.1 Borrower hereby grants to Bank a continuing security interest in all presently existing and hereafter arising Collateral in order to secure prompt repayment of any and all Indebtedness owed by Borrower to Bank and in order to secure prompt performance by Borrower of each and all of its covenants and obligations under this Agreement and otherwise created. Bank's security interest in the Collateral shall attach to all Collateral without further act on the part of Bank or Borrower. In the event that any Collateral, including proceeds, is evidenced by or consists of Negotiable Collateral, Borrower, immediately upon the request of Bank, shall (a) endorse or assign such Negotiable Collateral to Bank, (b) deliver actual physical possession of such Negotiable Collateral to Bank, and (c) mark conspicuously all of its records pertaining to such Negotiable Collateral with a legend, in form and substance satisfactory to Bank (and in the case of Negotiable Collateral consisting of tangible chattel paper, immediately mark all such tangible chattel paper with a conspicuous legend in form and substance satisfactory to Bank), indicating that the Negotiable Collateral is subject to the security interest granted to Bank hereunder.

4.2 Bank's security interest in the Accounts shall attach to all Accounts without further act on the part of Bank or Borrower. Upon request from Bank, Borrower shall provide Bank with schedules describing all Accounts created or acquired by Borrower (including without limitation agings listing the names and addresses of, and amounts owing by date by account debtors), and shall execute and deliver written assignments of all Accounts to Bank all in a form acceptable to Bank; provided, however, Borrower's failure to execute and deliver such schedules and/or assignments shall not affect or limit Bank's security interest and other rights in and to the Accounts. Together with each schedule, Borrower shall furnish Bank with copies of Borrower's customers' invoices or the equivalent, and original shipping or delivery receipts for all merchandise sold, and Borrower warrants the genuineness thereof. Upon the occurrence of an Event of Default, Bank or Bank's designee may notify customers or account debtors of Bank's security interest in the Collateral and direct such customers or account debtors to make payments directly to Bank, but unless and until Bank does so or gives Borrower other written instructions, Borrower shall collect all Accounts

for Bank, receive in trust all payments thereon as Bank's trustee, and, if so requested to do so from Bank, Borrower shall immediately deliver said payments to Bank in their original form as received from the account debtor and all letters of credit, advices of credit, instruments, documents, chattel paper or any similar property evidencing or constituting Collateral. Notwithstanding anything to the contrary contained herein, if sales of Inventory are made for cash, Borrower shall immediately deliver to Bank, in identical form, all such cash, checks, or other forms of payment which Borrower receives. The receipt of any check or other item of payment by Bank shall not be considered a payment on account until such check or other item of payment is honored when presented for payment, in which event, said check or other item of payment shall be deemed to have been paid to Bank two (2) calendar days after the date Bank actually receives such check or other item of payment.

4.3 Bank's security interest in Inventory shall attach to all Inventory without further act on the part of Bank or Borrower. Borrower will at Borrower's expense pledge, assemble and deliver such Inventory to Bank or to a third party as Bank's bailee; or hold the same in trust for Bank's account or store the same in a warehouse in Bank's name; or deliver to Bank documents of title representing said Inventory; or evidence of Bank's security interest in some other manner acceptable to Bank. Until a default by Borrower under this Agreement or any other Agreement between Borrower and Bank, Borrower may, subject to the provisions hereof and consistent herewith, sell the Inventory, but only in the ordinary course of Borrower's business. A sale of Inventory in Borrower's ordinary course of business does not include an exchange or a transfer in partial or total satisfaction of a debt owing by Borrower.

4.4 Concurrently with Borrower's execution of this Agreement, and at any time or times hereafter at the request of Bank, Borrower shall (a) execute and deliver to Bank security agreements, mortgages, assignments, certificates of title, affidavits, reports, notices, schedules of accounts, letters of authority and all other documents that Bank may reasonably request, in form satisfactory to Bank, to perfect and maintain perfected Bank's security interest in the Collateral and in order to fully consummate all of the transactions contemplated under this Agreement, (b) cooperate with Bank in obtaining a control agreement in form and substance satisfactory to Bank with respect to all deposit accounts, electronic chattel paper, investment property, and letter-of-credit rights, and (c) in the event that any Collateral is in the possession of a third party, Borrower shall join with Bank in notifying such third party of Bank's security interest and obtaining an acknowledgment from such third party that it is holding such Collateral for the benefit of Bank. By authenticating or becoming bound by this Agreement, Borrower authorizes the filing of initial financing statement(s), and any amendment(s) covering the Collateral to perfect and maintain perfected Bank's security interest in the Collateral. Upon the occurrence of an Event of Default, Borrower hereby irrevocably makes, constitutes and appoints Bank (and any of Bank's officers, employees or agents designated by Bank) as Borrower's true and lawful attorney-in-fact with power to sign the name of Borrower on any security agreement, mortgage, assignment, certificate of title, affidavit, letter of authority, notice of other similar documents which must be executed and/or filed in order to perfect or continue perfected Bank's security interest in the Collateral, and to take such actions in its own name or in Borrower's name as Bank, in its sole discretion, deems necessary or appropriate to establish exclusive possession or control (as defined in the Uniform Commercial Code) over any Collateral of such nature that perfection of Bank's security interest may be accomplished by possession or control.

4.5 Borrower shall make appropriate entries in Borrower's Books disclosing Bank's security interest in the Accounts. Bank (through any of its officers, employees or agents) shall have the right at any time or times hereafter, provided that reasonable notice is provided, during Borrower's usual business hours, or during the usual business hours of any third party having control over the records of Borrower, to inspect and verify Borrower's Books in order to verify the amount or condition of, or any other matter, relating to, said Collateral and Borrower's financial condition.

4.6 Effective only upon the occurrence of an Event of Default, Borrower appoints Bank or any other person whom Bank may designate as Borrower's attorney-in-fact, with power: to endorse Borrower's name on any checks, notes, acceptances, money order, drafts or other forms of payment or security that may come into Bank's possession; to sign Borrower's name on any invoice or bill of lading relating to any Accounts, on drafts against account debtors, on schedules and assignments of Accounts, on verifications of Accounts and on notices to account debtors; to establish a lock box arrangement and/or to notify the post office authorities to change the address for delivery of Borrower's mail

Borrower ratifies and approves all acts of the attorney-in-fact. Neither Bank nor its attorney-in-fact will be liable for any acts or omissions or for any error of judgement or mistake of fact or law. This power being coupled with an interest, is irrevocable so long as any Accounts in which Bank has a security interest remain unpaid and until the Indebtedness has been fully satisfied.

5

4.7 In order to protect or perfect any security interest which Bank is granted hereunder, Bank may, in its sole discretion, discharge any lien or encumbrance or bond the same, pay any insurance, maintain guards, warehousemen, or any personnel to protect the Collateral, pay any service bureau, or, obtain any records, and all costs for the same shall be added to the Indebtedness and shall be payable on demand.

Borrower shall deliver to Bank certified copies of such policies of insurance and evidence of the payments of all premiums therefor. All such policies of insurance (except those of public liability and property damage) shall contain an endorsement in a form satisfactory to Bank showing Bank as a loss payee thereof, with a waiver of warranties satisfactory to Bank, and all proceeds payable thereunder shall be payable to Bank and, upon receipt by Bank, shall be applied on account of the Indebtedness owing to Bank. To secure the payment of the Indebtedness, Borrower grants Bank a security interest in and to all such policies of insurance (except those of public liability and property damage) and the proceeds thereof, and Borrower shall direct all insurers under such policies of insurance to pay all proceeds thereof directly to Bank.
- b. Borrower hereby irrevocably appoints Bank (and any of Bank's officers, employees or agents designated by Bank) as Borrower's attorney for the purpose of making, selling and adjusting claims under such policies of insurance, endorsing the name of Borrower on any check, draft, instrument or other item of payment for the proceeds of such policies of insurance and for making all determinations and decisions with respect to such policies of insurance. Borrower will not cancel any of such policies without Bank's prior written consent. Each such insurer shall agree by endorsement upon the policy or policies of insurance issued by it to Borrower as required above, or by independent instruments furnished to Bank, that it will give Bank at least ten (10) days written notice before any such policy or policies of insurance shall be altered or canceled, and that no act or default of Borrower, or any other person, shall affect the right of Bank to recover under such policy or policies of insurance required above or to pay any premium in whole or in part relating thereto. Bank, without waiving or releasing any Indebtedness or any Event of Default, may, but shall have no obligation to do so, obtain and maintain such policies of insurance and pay such premiums and take any other action with respect to such policies which Bank deems advisable. All sums so

disbursed by Bank, as well as reasonable attorneys' fees incurred by Bank, whether in-house or outside counsel is used, court costs, expenses and other charges relating thereto, shall constitute Bank Expenses and are payable on demand.

6.24 Borrower shall not loan, advance, make capital contributions to or otherwise transfer cash or assets in any manner to any Subsidiary, or permit any Subsidiary to do so with respect to any other Subsidiary, except for (i) transfers of working capital by Borrower to any Subsidiary when and as necessary to meet the working capital needs of such Subsidiary in the ordinary course of business and so long as such transfer would not impair Borrower's operations or its ability to perform the Obligations; or (ii) transfers of raw material and work-in-process Inventory for purposes of completion of production of such Inventory

10

- j. If a judgment or other claim becomes a lien or encumbrance upon any or

all of Borrower's assets and the same is not satisfied, dismissed or bonded against within ten (10) days thereafter;

- k. If Borrower's records are prepared and kept by an outside computer service bureau at the time this Agreement is entered into or during the term of this Agreement such an agreement with an outside service bureau is entered into, and at any time thereafter, without first obtaining the written consent of Bank, Borrower terminates, modifies, amends or changes its contractual relationship with said computer service bureau or said computer service bureau fails to provide Bank with any requested information or financial data pertaining to Bank's Collateral, Borrower's financial condition or the results of Borrower's operations;

- r. If Borrower shall default under, or permit any other party to default under, any of the Trademark Rights.

11

Notwithstanding anything contained in Section 7 to the contrary, Bank shall refrain from exercising its rights and remedies and Event of Default shall thereafter not be deemed to have occurred by reason of the occurrence of any of the events set forth in Sections 7.e, 7.f or 7.j of this Agreement if, within ten (10) days from the date thereof, the same is released, discharged, dismissed, bonded against or satisfied; provided, however, if the event is the institution of Insolvency Proceedings against Borrower, Bank shall not be obligated to make advances to Borrower during such cure period.

8. BANK'S RIGHTS AND REMEDIES.

8.1 Upon the occurrence of an Event of Default by Borrower under this Agreement, Bank may, at its election, without notice of its election and without demand, do any one or more of the following, all of which are authorized by Borrower:

- a. Declare Borrower's Indebtedness, whether evidenced by this Agreement, installment notes, demand notes or otherwise, immediately due and payable to Bank;
- b. Cease advancing money or extending credit to or for the benefit of Borrower under this Agreement, or any other agreement between Borrower and Bank;
- c. Terminate this Agreement as to any future liability or obligation of Bank, but without affecting Bank's rights and security interests in the Collateral, and the Indebtedness of Borrower to Bank;
- d. Without notice to or demand upon Borrower or any guarantor, make such payments and do such acts as Bank considers necessary or reasonable to protect its security interest in the Collateral. Borrower agrees to assemble the Collateral if Bank so requires and to make the Collateral available to Bank as Bank may designate. Borrower authorizes Bank to enter the premises where the Collateral is located, take and maintain possession of the Collateral and the premises (at no charge to Bank), or any part thereof, and to pay, purchase, contest or compromise any encumbrance, charge or lien which in the opinion of Bank appears to be prior or superior to its security interest and to pay all expenses incurred in connection therewith;
- e. Without limiting Bank's rights under any security interest, Bank is hereby granted a license or other right to use, without charge, Borrower's labels, patents, copyrights, rights of use of any name, trade secrets, trade names, trademarks and advertising matter, or any property or a similar nature as it pertains to the Collateral, in completing production of, advertising for sale and selling any Collateral and Borrower's rights under all licenses and all franchise agreement shall inure to Bank's benefit, and Bank shall have the right and power to enter into sublicense agreements with respect to all such rights with third parties on terms acceptable to Bank;
- f. Ship, reclaim, recover, store, finish, maintain, repair, prepare for sale, advertise for sales and sell (in the manner provided for herein) the Inventory;
- g. Sell or dispose the Collateral at either a public or private sale, or both, by way of one or more contracts or transactions, for cash or on terms, in such manner and at such places (including Borrower's premises) as is commercially reasonable in the opinion of Bank. It is not necessary that the Collateral be present at any such sale. At any sale or other disposition of the Collateral pursuant to this Section, Bank disclaims all warranties which would otherwise be given under the Uniform Commercial Code, including without limitation a disclaimer of any warranty relating to title, possession, quiet enjoyment or the like, and Bank may communicate these disclaimers to a purchaser at such disposition. This disclaimer of warranties will not render the sale commercially unreasonable;
- h. Bank shall give notice of the disposition of the Collateral as follows:
 - (1) Bank shall give Borrower and each holder of a security interest in the Collateral who has filed with Bank a written request for notice, a notice in writing of the time and place of public sale, or, if the sale is a private sale or some disposition other than a public sale is to be made of the Collateral, the time on or after which the private sale or other disposition is to be made;
 - (2) The notice shall be personally delivered or mailed, postage prepaid, to Borrower's address appearing in this Agreement, at least ten (10) calendar days before the date fixed for the sale, or at least ten (10) calendar days before the date on or after which the private sale or other disposition is to be made, unless the Collateral is perishable or threatens to decline speedily in value. Notice to persons other than Borrower claiming an interest in the Collateral shall be sent to such addresses as have been furnished to Bank or as otherwise determined in accordance with Section 9611 of the Uniform Commercial Code; and
 - (3) If the sale is to be a public sale, Bank shall also give notice of the time and place by publishing a notice one time at least

ten (10) calendar days before the date of the sale in a newspaper of general circulation in the county in which the sale is to be held; and

(4) Bank may credit bid and purchase at any public sale.

- i. Borrower shall pay all Bank Expenses incurred in connection with Bank's enforcement and exercise of any of its rights and remedies as herein provided, whether or not suit is commenced by Bank;
- j. Any deficiency which exists after disposition of the Collateral as provided above will be paid immediately by Borrower. Any excess will be returned, without interest and subject to the rights of third parties, to Borrower by Bank, or, in Bank's discretion, to any party who Bank believes, in good faith, is entitled to the excess;
- k. Without constituting a retention of Collateral in satisfaction of an obligation within the meaning of 9620 of the Uniform Commercial Code or an action under California Code of Civil Procedure 726, apply any and all amounts maintained by Borrower as deposit accounts (as that term is defined under 9102 of the Uniform Commercial Code) or other accounts that Borrower maintains with Bank against the Indebtedness;

12

- l. The proceeds of any sale or other disposition of Collateral authorized by this Agreement shall be applied by Bank first upon all expenses authorized by the Uniform Commercial Code and all reasonable attorney fees and legal expenses incurred by Bank, whether in-house or outside counsel is used, the balance of the proceeds of the sale or other disposition shall be applied in the payment of the Indebtedness, first to interest, then to principal, then to remaining Indebtedness and the surplus, if any, shall be paid over to Borrower or to such other person(s) as may be entitled to it under applicable law. Borrower shall remain liable for any deficiency, which it shall pay to Bank immediately upon demand. Borrower agrees that Bank shall be under no obligation to accept any noncash proceeds in connection with any sale or disposition of Collateral unless failure to do so would be commercially unreasonable. If Bank agrees in its sole discretion to accept noncash proceeds (unless the failure to do so would be commercially unreasonable), Bank may ascribe any commercially reasonable value to such proceeds. Without limiting the foregoing, Bank may apply any discount factor in determining the present value of proceeds to be received in the future or may elect to apply proceeds to be received in the future only as and when such proceeds are actually received in cash by Bank; and
- m. The following shall be the basis for any finder of fact's determination of the value of any Collateral which is the subject matter of a disposition giving rise to a calculation of any surplus or deficiency under Section 9615(f) of the Uniform Commercial Code: (i) The Collateral which is the subject matter of the disposition shall be valued in an "as is" condition as of the date of the disposition, without any assumption or expectation that such Collateral will be repaired or improved in any manner; (ii) the valuation shall be based upon an assumption that the transferee of such Collateral desires a resale of the Collateral for cash promptly (but no later than 30 days) following the disposition; (iii) all reasonable closing costs customarily borne by the seller in commercial sales transactions relating to property similar to such Collateral shall be deducted including, without limitation, brokerage commissions, tax prorations, attorney's fees, whether in-house or outside counsel is used, and marketing costs; (iv) the value of the Collateral which is the subject matter of the disposition shall be further discounted to account for any estimated holding costs associated with maintaining such Collateral pending sale (to the extent not accounted for in (iii) above), and other maintenance, operational and ownership expenses; and (v) any expert opinion testimony given or considered in connection with a determination of the value of such Collateral must be given by persons having at least 5 years experience in appraising property similar to the Collateral and who have conducted and prepared a complete written appraisal of such Collateral taking into consideration the factors set forth above. The "value" of any such Collateral shall be a factor in determining the amount of proceeds

which would have been realized in a disposition to a transferee other than a secured party, a person related to a secured party or a secondary obligor under Section 9615(f) of the Uniform Commercial Code.

8.2 In addition to any and all other rights and remedies available to Bank under or pursuant to this Agreement or any other documents, instrument or agreement contemplated hereby, Borrower acknowledges and agrees that (i) at any time following the occurrence and during the continuance of any Event of Default, and/or (ii) termination of Bank's commitment or obligation to make loans or advances or otherwise extend credit to or in favor of Borrower hereunder, in the event that and to the extent that there are any Letter of Credit Obligations outstanding at such time, upon demand of Bank, Borrower shall deliver to Bank, or cause to be delivered to Bank, cash collateral in an amount not less than such Letter of Credit Obligations, which cash collateral shall be held and retained by Bank as cash collateral for the repayment of such Letter of Credit Obligations, together with any and all other Indebtedness of Borrower to Bank remaining unpaid, and Borrower pledges to Bank and grants to Bank a continuing first priority security interest in such cash collateral so delivered to Bank. Alternatively, Borrower shall cause to be delivered to Bank an irrevocable standby letter of credit issued in favor of Bank by a bank acceptable to Bank, in its sole discretion, in an amount not less than such Letter of Credit Obligations, and upon terms acceptable to Bank, in its sole discretion.

8.3 Bank's rights and remedies under this Agreement and all other agreements shall be cumulative. Bank shall have all other rights and remedies not inconsistent herewith as provided by law or in equity. No exercise by Bank of one right or remedy shall be deemed an election, and no waiver by Bank of any default on Borrower's part shall be deemed a continuing waiver. No delay by Bank shall constitute a waiver, election or acquiescence by Bank.

9. TAXES AND EXPENSES REGARDING BORROWER'S PROPERTY. If Borrower fails to pay promptly when due to another person or entity, monies which Borrower is required to pay by reason of any provision in this Agreement, Bank may, but need not, pay the same and charge Borrower's loan account therefor, and Borrower shall promptly reimburse Bank. All such sums shall become additional Indebtedness owing to Bank, shall bear interest at the rate hereinabove provided, and shall be secured by all Collateral. Any payments made by Bank shall not constitute (i) an agreement by it to make similar payments in the future or (ii) a waiver by Bank of any default under this Agreement. Bank need not inquire as to, or contest the validity of, any such expense, tax, security interest, encumbrance or lien and the receipt of the usual official notice of the payment thereof shall be conclusive evidence that the same was validly due and owing. Such payments shall constitute Bank Expenses and additional advances to Borrower.

10. WAIVERS.

10.1 Borrower agrees that checks and other instruments received by Bank in payment or on account of Borrower's Indebtedness constitute only conditional payment until such items are actually paid to Bank and Borrower waives the right to direct the application of any and all payments at any time or times hereafter received by Bank on account of Borrower's Indebtedness and Borrower agrees that Bank shall have the continuing exclusive right to apply and reapply such payments in any manner as Bank may deem advisable, notwithstanding any entry by Bank upon its books.

10.2 Borrower waives demand, protest, notice of protest, notice of default or dishonor, notice of payment and nonpayment, notice of any default, nonpayment at maturity, release, compromise, settlement, extension or renewal of any or all commercial paper, accounts, documents, instruments, chattel paper, and guarantees at any time held by Bank on which Borrower may in any way be liable.

10.3 Bank shall not in any way or manner be liable or responsible for (a) the safekeeping of the Inventory; (b) any loss or damage thereto occurring or arising in any manner or fashion from any cause; (c) any diminution in the value thereof; or (d) any act or default of any carrier, warehouseman, bailee, forwarding agency or other person whomsoever. All risk of loss, damage or destruction of Inventory shall be borne by Borrower.

10.4 Borrower waives the right and the right to assert a confidential relationship, if any, it may have with any accountant, accounting firm and/or service bureau or consultant in connection with any information requested by Bank pursuant to or in accordance with this Agreement, and agrees that a Bank

may contact directly any such accountants, accounting firm and/or service bureau or consultant in order to obtain such information.

10.5 JURY WAIVER AND REFERENCE PROVISIONS.

10.5.1 JURY WAIVER

13

THE UNDERSIGNED AND THE BANK ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH PARTY, AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF THEIR CHOICE, KNOWINGLY AND VOLUNTARILY, AND FOR THEIR MUTUAL BENEFIT, WAIVES ANY RIGHT TO TRIAL BY JURY IN THE EVENT OF LITIGATION REGARDING THE PERFORMANCE OR ENFORCEMENT OF, OR IN ANY WAY RELATED TO, THIS AGREEMENT OR THE INDEBTEDNESS.

10.5.2

REFERENCE PROVISIONS

- a. The parties prefer that any dispute between them be resolved in litigation subject to a Jury Trial Waiver as set forth in the Loan Documents (defined below), but the availability of that process is in doubt because of the opinion of the California Court of Appeal in Grafton Partners LP v. Superior Court, 9 Cal.Rptr.3d 511. This Reference Provision will be applicable until the California Supreme Court completes its review of that case, and will continue to be applicable if either that court or a California Court of Appeal publishes a decision holding that a pre-dispute Jury Trial Waiver provision similar to that contained in the Loan Documents is invalid or unenforceable. Delay in requesting appointment of a referee pending review of any such decision, or participation in litigation pending review, will not be deemed a waiver of this Reference Provision.
- b. Other than (i) nonjudicial foreclosure of security interests in real or personal property, (ii) the appointment of a receiver or (iii) the exercise of other provisional remedies (any of which may be initiated pursuant to applicable law), any controversy, dispute or claim (each, a "Claim") between the parties arising out of or relating to this Agreement or any other document, instrument or agreement between the Bank and the undersigned (collectively in this Section, the "Loan Documents"), will be resolved by a reference proceeding in California in accordance with the provisions of Section 638 et seq. of the California Code of Civil Procedure ("CCP"), or their successor sections, which shall constitute the exclusive remedy for the resolution of any Claim, including whether the Claim is subject to the reference proceeding. Except as otherwise provided in the Loan Documents, venue for the reference proceeding will be in the Superior Court or Federal District Court in the County or District where the real property, if any, is located or in a County or District where venue is otherwise appropriate under applicable law (the "Court").
- c. The referee shall be a retired Judge or Justice selected by mutual written agreement of the parties. If the parties do not agree, the referee shall be selected by the Presiding Judge of the Court (or his or her representative). A request for appointment of a referee may be heard on an ex parte or expedited basis, and the parties agree that irreparable harm would result if ex parte relief is not granted. The referee shall be appointed to sit with all the powers provided by law. Each party shall have one peremptory challenge pursuant to CCP Section 170.6. Pending appointment of the referee, the Court has power to issue temporary or provisional remedies.
- d. The parties agree that time is of the essence in conducting the reference proceedings. Accordingly, the referee shall be requested to (a) set the matter for a status and trial-setting conference within fifteen (15) days after the date of selection of the referee, (b) if practicable, try all issues of law or fact within ninety (90) days after the date of the conference and (c) report a statement of decision within twenty (20) days after the matter has been submitted for decision. Any decision rendered by the referee will be final, binding and conclusive, and judgment shall be entered pursuant to CCP Section 644.

- e. The referee will have power to expand or limit the amount and duration of discovery. The referee may set or extend discovery deadlines or cutoffs for good cause, including a party's failure to provide requested discovery for any reason whatsoever. Unless otherwise ordered, no party shall be entitled to "priority" in conducting discovery, depositions may be taken by either party upon seven (7) days written notice, and all other discovery shall be responded to within fifteen (15) days after service. All disputes relating to discovery which cannot be resolved by the parties shall be submitted to the referee whose decision shall be final and binding.
- f. Except as expressly set forth in this Agreement, the referee shall determine the manner in which the reference proceeding is conducted including the time and place of hearings, the order of presentation of evidence, and all other questions that arise with respect to the course of the reference proceeding. All proceedings and hearings conducted before the referee, except for trial, shall be conducted without a court reporter, except that when any party so requests, a court reporter will be used at any hearing conducted before the referee, and the referee will be provided a courtesy copy of the transcript. The party making such a request shall have the obligation to arrange for and pay the court reporter. Subject to the referee's power to award costs to the prevailing party, the parties will equally share the cost of the referee and the court reporter at trial.
- g. The referee shall be required to determine all issues in accordance with existing case law and the statutory laws of the State of California. The rules of evidence applicable to proceedings at law in the State of California will be applicable to the reference proceeding. The referee shall be empowered to enter equitable as well as legal relief, provide all temporary or provisional remedies, enter equitable orders that will be binding on the parties and rule on any motion which would be authorized in a trial, including without limitation motions for summary judgment or summary adjudication. The referee shall issue a decision at the close of the reference proceeding which disposes of all claims of the parties that are the subject of the reference. The referee's decision shall be entered by the Court as a judgment or an order in the same manner as if the action had been tried by the Court. The parties reserve the right to appeal from the final judgment or order or from any appealable decision or order entered by the referee. The parties reserve the right to findings of fact, conclusions of laws, a written statement of decision, and the right to move for a new trial or a different judgment, which new trial, if granted, is also to be a reference proceeding under this provision.
- h. If the enabling legislation which provides for appointment of a referee is repealed (and no successor statute is enacted), any dispute between the parties that would otherwise be determined by reference procedure will be resolved and determined by arbitration. The arbitration will be conducted by a retired judge or Justice, in accordance with the California Arbitration Act Section 1280 through Section 1294.2 of the CCP as amended from time to time. The limitations with respect to discovery set forth above shall apply to any such arbitration proceeding.
- i. THE PARTIES RECOGNIZE AND AGREE THAT ALL DISPUTES RESOLVED UNDER THIS REFERENCE PROVISION WILL BE DECIDED BY A REFEREE AND NOT BY A JURY, AND THAT THEY ARE IN EFFECT WAIVING THEIR RIGHT TO TRIAL BY JURY IN AGREEING TO THIS REFERENCE PROVISION. All loans and advances heretofore, now or at any time or times hereafter made by Bank to Borrower under this Agreement or any other agreement between Bank and Borrower, shall constitute one loan secured by Bank's security interests in the Collateral and by all other security interests, liens, encumbrances heretofore, now or from time to time hereafter granted by Borrower to Bank.

Notwithstanding the above, (i) to the extent that any portion of the Indebtedness is a consumer loan, that portion shall not be secured by any deed of trust or mortgage on or other security interest in Borrower's principal dwelling which is not a purchase money security interest as to that portion, unless expressly provided to the contrary in another place, or (ii) if Borrower (or any of them) has (have) given or give(s) Bank a deed of trust or mortgage covering real property, that deed of trust or mortgage shall not secure the loan and any other Indebtedness of Borrower (or any of them), unless expressly provided to the contrary in another place.

Bank is hereby authorized to make loans and advances hereunder upon telephonic or other instructions received from anyone purporting to be an officer, employee, or representative of Borrower, or at the discretion of Bank if said loans and advances are necessary to meet any Indebtedness of Borrower to Bank. Bank shall have no duty to make inquiry or verify the authority of any such party, and Borrower shall hold Bank harmless from any damage, claims or liability by reason of Bank's honor of, or failure to honor, any such instructions.

- (1) "Base LIBOR" means the rate per annum determined by Bank at which deposits for the relevant LIBOR Period would be offered to Bank in the approximate amount of the relevant LIBOR Option Advance in the inter-bank LIBOR market selected by Bank, upon request of Bank at 10:00 a.m. California time, on the day that is the first day of such LIBOR Period.
- (2) "LIBOR Reserve Percentage" means the reserve percentage prescribed by the Board of Governors of the Federal Reserve System (or any successor) for "Eurocurrency Liabilities" (as defined in Regulation D of the Federal Reserve Board, as amended), adjusted by Bank for expected changes in such reserve percentage during the applicable LIBOR Period.

 - (2) thereafter, each period commencing on the last day of the next preceding LIBOR Period applicable to such LIBOR Option Advance and continuing for, in every case, a 30, 60, 90 or 180 day period thereafter so long as the LIBOR Option is quoted for such period in the applicable interbank LIBOR market, as such period is selected by Borrower in the notice of continuation as provided in this Addendum.
- h. Note. As used herein, "Note" means the Amended and Restated Loan and Security Agreement of even date herewith.
- i. Regulation D. As used herein, "Regulation D" means Regulation D of the Board of Governors of the Federal Reserve System as amended or supplemented from time to time.

2. Interest Rate Options. Borrower shall have the following options regarding the interest rate to be paid by Borrower on Advances under the Agreement:

- a. A rate equal to the Applicable LIBOR Margin above Bank's LIBOR, (the "LIBOR Option"), which LIBOR Option shall be in effect during the relevant LIBOR Period; or
- b. A rate equal to the Base Rate plus or minus the Applicable Base Rate Margin. The "Base Rate" is defined in the Agreement and quoted from time to time by Bank as such rate may change from time to time (the "Base Rate Option").

3. LIBOR Option Advance. The minimum LIBOR Option Advance will not be less than Five Hundred Thousand and 00/100 Dollars (\$500,000) for any LIBOR Option Advance.

17

4. Payment of Interest on LIBOR Option Advances. Interest on each LIBOR Option Advance shall be payable pursuant to the terms of the Agreement. Interest on such LIBOR Option Advance shall be computed on the basis of a 360-day year and shall be assessed for the actual number of days elapsed from the first day of the LIBOR Period applicable thereto but not including the last day thereof.

5. Bank's Records Re: LIBOR Option Advances. With respect to each LIBOR Option Advance, Bank is hereby authorized to note the date, principal amount, interest rate and LIBOR Period applicable thereto and any payments made thereon on Bank's books and records (either manually or by electronic entry) and/or on any schedule attached to the Agreement, which notations shall be prima facie evidence of the accuracy of the information noted.

6. Selection/Conversion of Interest Rate Options. At the time any Advance is requested under the Agreement and/or Borrower wishes to select the LIBOR Option for all or a portion of the outstanding principal balance of the

Agreement, and at the end of each LIBOR Period, Borrower shall give Bank notice specifying (a) the interest rate option selected by Borrower; (b) the principal amount subject thereto; and (c) if the LIBOR Option is selected, the length of the applicable LIBOR Period. Any such notice may be given by telephone so long as, with respect to each LIBOR Option selected by Borrower, (i) Bank receives written confirmation from Borrower not later than three (3) LIBOR Business Days after such telephone notice is given; and (ii) such notice is given to Bank prior to 10:00 a.m., California time, on the first day of the LIBOR Period. For each LIBOR Option requested hereunder, Bank will quote the applicable fixed LIBOR Rate to Borrower at approximately 10:00 a.m., California time, on the first day of the LIBOR Period. If Borrower does not immediately accept the rate quoted by Bank, any subsequent acceptance by Borrower shall be subject to a redetermination of the rate by Bank; provided, however, that if Borrower fails to accept any such quotation given, then the quoted rate shall expire and Bank shall have no obligation to permit a LIBOR Option to be selected on such day. If no specific designation of interest is made at the time any Advance is requested under the Agreement or at the end of any LIBOR Period, Borrower shall be deemed to have selected the Base Rate Option for such Advance or the principal amount to which such LIBOR Period applied. At any time the LIBOR Option is in effect, Borrower may, at the end of the applicable LIBOR Period, convert to the Base Rate Option. At any time the Base Rate Option is in effect, Borrower may convert to the LIBOR OPTION, and shall designate a LIBOR Period.

7. Default Interest Rate. From and after the maturity date of the Agreement, or such earlier date as all principal owing hereunder becomes due and payable by acceleration or otherwise, the outstanding principal balance of the Agreement shall bear interest until paid in full at an increased rate per annum (computed on the basis of a 360-day year, actual days elapsed) equal to three percent (3.00%) above the rate of interest from time to time applicable to the Agreement.

8. Prepayment. In the event that the LIBOR Option is the applicable interest rate for all or any part of the outstanding principal balance of the Agreement, and any payment or prepayment of any such outstanding principal balance of the Agreement shall occur on any day other than the last day of the applicable LIBOR Period (whether voluntarily, by acceleration, required payment, or otherwise), or if Borrower elects the LIBOR Option as the applicable interest rate for all or any part of the outstanding principal balance of the Agreement in accordance with the terms and conditions hereof, and, subsequent to such election, but prior to the commencement of the applicable LIBOR Period, Borrower revokes such election for any reason whatsoever, or if the applicable interest rate in respect of any outstanding principal balance of the Agreement hereunder shall be changed, for any reason whatsoever, from the LIBOR Option to the Base Rate Option prior to the last day of the applicable LIBOR Period, or if Borrower shall fail to make any payment of principal or interest hereunder at any time that the LIBOR Option is the applicable interest rate hereunder in respect of such outstanding principal balance of the Agreement, Borrower shall reimburse Bank, on demand, for any resulting loss, cost or expense incurred by Bank as a result thereof, including, without limitation, any such loss, cost or expense incurred in obtaining, liquidating, employing or redeploying deposits from third parties. Such amount payable by Borrower to Bank may include, without limitation, an amount equal to the excess, if any, of (a) the amount of interest which would have accrued on the amount so prepaid, or not so borrowed, refunded or converted, for the period from the date of such prepayment or of such failure to borrow, refund or convert, through the last day of the relevant LIBOR Period, at the applicable rate of interest for such outstanding principal balance of the Agreement, as provided under this Agreement, over (b) the amount of interest (as reasonably determined by Bank) which would have accrued to Bank on such amount by placing such amount on deposit for a comparable period with leading banks in the interbank LIBOR market. Calculation of any amounts payable to Bank under this paragraph shall be made as though Bank shall have actually funded or committed to fund the relevant outstanding principal balance of the Agreement hereunder through the purchase of an underlying deposit in an amount equal to the amount of such outstanding principal balance of the Agreement and having a maturity comparable to the relevant LIBOR Period; provided, however, that Bank may fund the outstanding principal balance of the Agreement hereunder in any manner it deems fit and the foregoing assumptions shall be utilized only for the purpose of the calculation of amounts payable under this paragraph. Upon the written request of Borrower, Bank shall deliver to Borrower a certificate setting forth the basis for determining such losses, costs and expenses, which certificate shall be conclusively presumed correct, absent manifest error. Any prepayment hereunder shall also be accompanied by the payment of all accrued and unpaid interest on the amount so prepaid. Any outstanding principal balance of the Agreement which is bearing interest at such time at the Base Rate Option may be prepaid without penalty or premium. Partial prepayments hereunder shall be

applied to the installments hereunder in the inverse order of their maturities.

BY INITIALING BELOW, BORROWER ACKNOWLEDGE(S) AND AGREE(S) THAT: (A) THERE IS NO RIGHT TO PREPAY ANY LIBOR OPTION ADVANCE, IN WHOLE OR IN PART, WITHOUT PAYING THE PREPAYMENT AMOUNT SET FORTH HEREIN ("PREPAYMENT AMOUNT"), EXCEPT AS OTHERWISE REQUIRED UNDER APPLICABLE LAW; (B) BORROWER SHALL BE LIABLE FOR PAYMENT OF THE PREPAYMENT AMOUNT IF BANK EXERCISES ITS RIGHT TO ACCELERATE PAYMENT OF ANY LIBOR OPTION ADVANCE AS PART OR ALL OF THE OBLIGATIONS OWING UNDER THE AGREEMENT, INCLUDING WITHOUT LIMITATION, ACCELERATION UNDER A DUE-ON-SALE PROVISION; (C) BORROWER WAIVES ANY RIGHTS UNDER SECTION 2954.10 OF THE CALIFORNIA CIVIL CODE OR ANY SUCCESSOR STATUTE; AND (D) BANK HAS MADE EACH LIBOR OPTION ADVANCE PURSUANT TO THE AGREEMENT IN RELIANCE ON THESE AGREEMENTS.

BORROWER'S INITIALS

9. Hold Harmless and Indemnification. Borrower agrees to indemnify Bank and to hold Bank harmless from, and to reimburse Bank on demand for, all losses and expenses which Bank sustains or incurs as a result of (i) any payment of a LIBOR Option Advance prior to the last day of the applicable LIBOR Period for any reason, including, without limitation, termination of the Agreement, whether pursuant to this Addendum or the occurrence of an Event of Default; (ii) any termination of a LIBOR Period prior to the date it would otherwise end in accordance with this Addendum; or (iii) any failure by Borrower, for any reason, to borrow any portion of a LIBOR Option Advance.

18

10. Funding Losses. The indemnification and hold harmless provisions set forth in this Addendum shall include, without limitation, all losses and expenses arising from interest and fees that Bank pays to lenders of funds it obtains in order to fund the loans to Borrower on the basis of the LIBOR Option(s) and all losses incurred in liquidating or re-deploying deposits from which such funds were obtained and loss of profit for the period after termination. A written statement by Bank to Borrower of such losses and expenses shall be conclusive and binding, absent manifest error, for all purposes. This obligation shall survive the termination of this Addendum and the payment of the Agreement.

11. Regulatory Developments Or Other Circumstances Relating To Illegality or Impracticality of LIBOR. If any Regulatory Development or other circumstances relating to the interbank Euro-dollar markets shall, at any time, in Bank's reasonable determination, make it unlawful or impractical for Bank to fund or maintain, during any LIBOR Period, to determine or charge interest rates based upon LIBOR, Bank shall give notice of such circumstances to Borrower and:

(i) In the case of a LIBOR Period in progress, Borrower shall, if requested by Bank, promptly pay any interest which had accrued prior to such request and the date of such request shall be deemed to be the last day of the term of the LIBOR Period; and

(ii) No LIBOR Period may be designated thereafter until Bank determines that such would be practical.

12. Additional Costs. Borrower shall pay to Bank from time to time, upon Bank's request, such amounts as Bank determines are needed to compensate Bank for any costs it incurred which are attributable to Bank having made or maintained a LIBOR Option Advance or to Bank's obligation to make a LIBOR Option Advance, or any reduction in any amount receivable by Bank hereunder with respect to any LIBOR Option or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any Regulatory Developments, which (i) change the basis of taxation of any amounts payable to Bank hereunder with respect to taxation of any amounts payable to Bank hereunder with respect to any LIBOR Option Advance (other than taxes imposed on the overall net income of Bank for any LIBOR Option Advance by the jurisdiction where Bank is headquartered or the jurisdiction where Bank extends the LIBOR Option Advance; (ii) impose or modify any reserve, special deposit, or similar requirements relating to any extensions of credit or other assets of, or any deposits with or other liabilities of, Bank (including any LIBOR Option Advance or any deposits referred to in the definition of LIBOR); or (iii) impose any other condition affecting this Addendum (or any of such extension of credit or liabilities). Bank shall notify Borrower of any event occurring after the date hereof which entitles Bank to compensation

pursuant to this paragraph as promptly as practicable after it obtains knowledge thereof and determines to request such compensation. Determinations by Bank for purposes of this paragraph, shall be conclusive, provided that such determinations are made on a reasonable basis.

13. Legal Effect. Except as specifically modified hereby, all of the terms and conditions of the Agreement remain in full force and effect.

IN WITNESS WHEREOF, the parties have agreed to the foregoing as of the date first set forth above.

STOCK OPTION AGREEMENT

This Stock Option Agreement ("Agreement") is made as of January 15, 2004, by and between Hansen Natural Corporation, a Delaware corporation (the "Company"), and Michael B. Schott ("Holder").

Preliminary Recitals

- A. Holder is an employee of the Company or one of its subsidiaries or affiliates.
- B. Pursuant to the Hansen Natural Corporation 2001 Stock Option Plan (the "Plan"), the Company desires to grant Holder an incentive stock option to purchase shares of the Company's common stock, par value \$.005 per share (the "Common Stock").

NOW, THEREFORE, the Company and Holder agree as follows:

1. Grant of Incentive Stock Option. The Company hereby grants to Holder, subject to the terms and conditions set forth herein, the incentive stock option ("ISO") to purchase up to 32,000 shares of Common Stock, at the purchase price of \$8.15 per share, such ISO to be exercisable and exercised as hereinafter provided.

2. Exercise Period. The ISO shall expire three months after the termination of the Holder's employment with the Company and its subsidiaries and affiliates (the "Hansen Natural Group") unless the employment is terminated by a member of the Hansen Natural Group for Cause (as defined below) or unless the employment is terminated by reason of the death or Total Disability (as defined below) of Holder. If the Holder's employment is terminated by a member of the Hansen Natural Group for Cause, the ISO shall expire as of the date employment terminates. If the Holder's employment terminates due to his death or Total Disability, then the ISO may be exercised by Holder or the person or persons to which Holder's rights under this Agreement pass by will, or if no such person has such right, by his executors or administrators, within six months after the date of death or Total Disability, but no later than the expiration date specified in Section 3(c) below. "Cause" means the Holder's act of fraud dishonesty, knowing and material failure to comply with applicable laws or regulations or satisfactorily perform his duties of employment, insubordination or drug or alcohol abuse, as determined by the Committee of the Hansen Natural Corporation Stock Option Plan (the "Committee"). "Total Disability" means the complete and permanent inability of Holder to perform all of his duties of employment with the Company, as determined by the Committee upon the basis of such evidence, including independent medical reports and data, as the Committee deems appropriate or necessary.

3. Exercise of Option

(a) Subject to the other terms of this Agreement regarding the exercisability of the ISO, and provided that Holder is employed by a member of the Hansen Natural Group on the relevant date, the ISO may only be exercised in respect of the number of shares listed in column A from and after the exercise dates listed in column B,

Column "A" Number of Shares	Column "B" Exercise Date
8,000	January 15, 2005
8,000	January 15, 2006
8,000	January 15, 2007
8,000	January 15, 2008

(b) This ISO may be exercised, to the extent exercisable by its terms, from time to time in whole or in part at any time prior to the expiration thereof. Any exercise shall be accompanied by a written notice to the Company specifying the number of shares as to which this ISO is being exercised (the "Option Shares"). Notations of any partial exercise or installment exercise, shall be made by the Company on Schedule A hereto.

(c) Notwithstanding anything else herein to the contrary, this ISO shall

expire ten years from the date of this agreement.

(d) The Holder hereby agrees to notify the Company in writing in the event shares acquired pursuant to the exercise of this ISO are transferred, other than by will or by the laws of descent and distribution, within two years after the date of this agreement or within one year after the issuance of such shares pursuant to such exercise.

4. Payment of Purchase Price Upon Exercise. At the time of any exercise of the ISO the purchase price of the ISO shall be paid in full to the Company in either of the following ways or in any combination of the following ways:

(a) By check or other immediately available funds.

(b) With property consisting of shares of Common Stock. (The shares of Common Stock to be used as payment shall be valued as of the date of exercise of the ISO at the Closing Price as defined below. For example, if Holder exercises the option for 4,000 shares at a total Exercise Price of \$8,000, assuming exercise price of \$2.00 per share, and the Closing Price is \$5.00, he may pay for the 4,000 Option Shares by transferring 1,600 shares of Common Stock to the Company.)

(c) For purposes of this Agreement, the term "Closing Price" means, with respect to the Company's Common Stock, the last sale price regular-way or, in case no such sale takes place on such date, the average of the closing bid and asked prices regular-way on the principal national securities exchange on which the securities are listed or admitted to trading; or, if they are not listed or admitted to trading on any national securities exchange, the last sale price of the securities on the consolidated transaction reporting system of the National Association of Securities Dealers ("NASD"), if such last sale information is reported on such system or, if not so reported, the average of the closing bid and asked prices of the securities on the National Association of Securities Dealers Automatic Quotation System ("NASDAQ") or any comparable system or, if the securities are not listed on NASDAQ or a comparable system, the average of the closing bid and asked prices as furnished by two members of NASD selected from time to time by the Company for that purpose.

5. Purchase for Investment; Resale Restrictions. Unless at the time of exercise of the ISO there shall be a valid and effective registration statement under the Securities Act of 1933 ("33 Act") and appropriate qualification and registration under applicable state securities laws relating to the Option Shares being acquired, Holder shall upon exercise of the ISO give a representation that he is acquiring such shares for his own account for investment and not with a view to, or for sale in connection with, the resale or distribution of any such shares. In the absence of such registration statement, Holder shall execute a written affirmation, in a form reasonably satisfactory to the Company, of such investment intent. Holder further agrees that he will not sell or transfer any Option Shares until he requests and receives an opinion of the Company's counsel or other counsel reasonably satisfactory to the Company to the effect that such proposed sale or transfer will not result in a violation of the '33 Act, or a registration statement covering the sale or transfer of the shares has been declared effective by the Securities and Exchange Commission, or he obtains a no-action letter from the Securities and Exchange Commission with respect to the proposed transfer.

6. Nontransferability. This ISO shall not be transferable other than by will or by the laws of descent and distribution. During the lifetime of Holder, this ISO shall be exercisable only by Holder.

7. (a) Adjustments. In the event of any change in the outstanding Common Stock of the Company by reason of any stock recapitalization, merger, consolidation, combination or exchange of shares, the kind of shares subject to the ISO and their purchase price per share (but not the number of shares) shall be appropriately adjusted consistent with such change in such manner as the Board of Directors of the Company may deem equitable. In the event of a stock dividend or stock split the kind of shares, their purchase price per share and the number of shares shall be appropriately adjusted, consistent with such change in such manner as the Board of Directors may deem equitable. Any adjustment so made shall be final and binding on Holder. No adjustments shall be made that would have the effect of modifying an ISO under Internal Revenue Code Section 422 and 424.

(b) Notwithstanding anything else herein to the contrary, upon the occurrence of a change in control (as defined in 7(c) below), 50% of any portion of the option not theretofore exercisable, shall immediately become exercisable and such portion of the option (being the Option to purchase shares of Common Stock subject to the applicable provisions of the Plan and awarded in accordance with the Plan in terms of section 1 above) may, with the consent of the Holder, be purchased by the Company at a fair value (as defined in 7(c) below) less the purchase price payable by Holder to exercise the option as set out in Article 1 above for one (1) share of Common Stock of the Company multiplied by the number of shares of Common Stock which Holder has the option to purchase in terms of Article 1 above.

Further, notwithstanding anything herein to the contrary if, after the occurrence of a change in control (as defined in 7(c) below) the Holder's employment by the Hansen Natural group is terminated (unless his employment is terminated by the Hansen Natural group for cause as defined above) and on the date of termination any portion of the option has not theretofore become exercisable, then such remaining portion shall immediately become exercisable and that portion of the option (being the option to purchase shares of common stock subject to the applicable provisions of the plan and awarded in accordance with the plan in terms of section 1 above) may, with the consent of Holder, be purchased by the Company for cash at a price equal to the fair market value (defined in 7(c) below) less the purchase price payable by Holder to exercise the option as set out in Article 1 above for one (1) share of common stock of the Company multiplied by the number of shares of common stock which Holder has the option to purchase in terms of Article 1 above.

(c) For the purposes of this Agreement

(i) "Change in Control" means;

(A) the acquisition of "Beneficial Ownership" by any person (as defined in rule 13(d) - 3 under the Securities Exchange Act 1934), corporation or other entity other than the Company or a wholly owned subsidiary of the Company of 50% or more of the outstanding Stock,

(B) the sale or disposition of substantially all of the assets of the Company, or

(C) the merger of the Company with another corporation in which the Common Stock of the Company is no longer outstanding after such merger.

(ii) "Fair Market Value" means, as of any date, the Closing Price for one share of the common Stock of the company on such date.

8. No Rights as Stockholder. Holder shall have no rights as a stockholder with respect to any shares of Common Stock subject to this ISO prior to the date of issuance to him of a certificate or certificates for such shares.

9. No Right to Continue Employment. This Agreement shall not confer upon Holder any right with respect to continuance of employment with any member of the Hansen Natural Group nor shall it interfere in any way with the right of any such member to terminate his employment at any time.

10. Compliance With Law and Regulation. This Agreement and the obligation of the Company to sell and deliver shares of Common Stock hereunder shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required. If at any time the Board of Directors of the Company shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or federal law, or (ii) the consent or approval of any government regulatory body, is necessary or desirable as a condition of or in connection with the issue or purchase of shares of Common Stock hereunder, this ISO may not be exercised in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

11. Tax Withholding Requirements. The Company shall have the right to require Holder to remit to the Company an amount sufficient to satisfy any federal, state or local withholding tax requirements prior to the delivery of any certificate or certificates for Common Stock.

12. Fractional Shares. Notwithstanding any other provision of this Agreement, no fractional shares of stock shall be issued upon the exercise of this ISO and the Company shall not be under any obligation to compensate Holder in any way for such fractional shares.

13. Notices. Any notice hereunder to the Company shall be addressed to it at its office at 1010 Railroad Street, Corona, California 92882, Attention: Rodney C. Sacks with a copy to Benjamin Polk, Winston & Strawn, 200 Park Avenue, New York, New York 10166, and any notice hereunder to Holder shall be addressed to him at 283 Lincoln Road, Grosse Pointe City, Michigan 48230, subject to the right of either party to designate at any time hereafter in writing some other address.

14. Amendment. No modification, amendment or waiver of any of the provisions of this Agreement shall be effective unless in writing specifically referring hereto, and signed by both parties.

15. Governing Law. This Agreement shall be construed according to the laws of the State of Delaware and all provisions hereof shall be administered according to and its validity shall be determined under, the laws of such State, except where preempted by federal laws.

16. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute one and the same instrument. IN WITNESS WHEREOF, Hansen Natural Corporation has caused this Agreement to be executed by a duly authorized officer and Holder has executed this Agreement both as of the day and year first above written.

Any exercise shall be accompanied by a written notice to the Company specifying the number of shares as to which this ISO is being exercised (the "Option Shares"). Notations of any partial exercise or installment exercise, shall be made by the Company on Schedule A hereto.

(c) Notwithstanding anything else herein to the contrary, this ISO shall expire ten years from the date of this agreement.

(d) The Holder hereby agrees to notify the Company in writing in the event shares acquired pursuant to the exercise of this ISO are transferred, other than by will or by the laws of descent and distribution, within two years after the date of this agreement or within one year after the issuance of such shares pursuant to such exercise.

5. Purchase for Investment; Resale Restrictions. Unless at the time of exercise of the ISO there shall be a valid and effective registration statement under the Securities Act of 1933 ("33 Act") and appropriate qualification and registration under applicable state securities laws relating to the Option Shares being acquired, Holder shall upon exercise of the ISO give a representation that he is acquiring such shares for his own account for investment and not with a view to, or for sale in connection with, the resale or distribution of any such shares. Holder further agrees that he will not sell or transfer any Option Shares until he requests and receives an opinion of the Company's counsel or other counsel reasonably satisfactory to the Company to the effect that such proposed sale or transfer will not result in a violation of the '33 Act, or a registration statement covering the sale or transfer of the shares has been declared effective by the Securities and Exchange Commission, or he obtains a no-action letter from the Securities and Exchange Commission with respect to the proposed transfer.

6. Nontransferability. This ISO shall not be transferable other than by will or by the laws of descent and distribution. During the lifetime of Holder, this ISO shall be exercisable only by Holder.

7. Adjustments.

Any adjustment under this clause 7(a) shall be made by the Board of the Company, whose determination as to what adjustments shall be made, if any, and the extent thereof, will be final, binding and conclusive. No fractional interests will be issued under this agreement resulting from any such adjustment.

(b) Notwithstanding anything else herein to the contrary, the Board of the Company may, at any time, in its sole discretion, provide that upon the occurrence of a change in control of the Company (as determined by the Board), all or a specified portion of any outstanding options not theretofore exercisable shall immediately become exercisable and that any option not exercised prior to such change in control shall be canceled.

8. No Rights as Stockholder. Holder shall have no rights as a stockholder with respect to any shares of Common Stock subject to this ISO prior to the date of issuance to her of a certificate or certificates for such shares.

10. Compliance With Law and Regulation. This Agreement and the obligation of the Company to sell and deliver shares of Common Stock hereunder shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required. If at any time the Board of Directors of the Company shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or federal law, or (ii) the consent or approval of any government regulatory body, is necessary or desirable as a condition of or in connection with the issue or purchase of shares of Common Stock hereunder, this ISO may not be exercised in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

11. Tax Withholding Requirements. The Company shall have the right to require Holder to remit to the Company an amount sufficient to satisfy any federal, state or local withholding tax requirements prior to the delivery of any certificate or certificates for Common Stock.

12. Fractional Shares. Notwithstanding any other provision of this Agreement, no fractional shares of stock shall be issued upon the exercise of this ISO and the Company shall not be under any obligation to compensate Holder in any way for such fractional shares.

13. Notices. Any notice hereunder to the Company shall be addressed to it at its office at 1010 Railroad Street, Corona, California 92882, Attention: Rodney C. Sacks with a copy to Benjamin Polk, Winston & Strawn, 200 Park Avenue, New York, New York 10166, and any notice hereunder to Holder shall be addressed to him at 3 Promontory, Dove Canyon, California 92679, subject to the right of either party to designate at any time hereafter in writing some other address.

14. Amendment. No modification, amendment or waiver of any of the provisions of this Agreement shall be effective unless in writing specifically referring hereto, and signed by both parties.

If the Holder's employment is terminated by a member of the Hansen Natural Group for Cause, the ISO shall expire as of the date employment terminates. If the Holder's employment terminates due to his death or Total Disability, then the ISO may be exercised by Holder or the person or persons to which Holder's rights under this Agreement pass by will, or if no such person has such right, by his executors or administrators, within six months after the date of death or Total Disability, but no later than the expiration date specified in Section 3(c) below. "Cause" means the Holder's act of fraud dishonesty, knowing and material failure to comply with applicable laws or regulations or satisfactorily perform his duties of employment, insubordination or drug or alcohol abuse, as determined by the Committee of the Hansen Natural Corporation Stock Option Plan (the "Committee"). "Total Disability" means the complete and permanent inability of Holder to perform all of his duties of employment with the Company, as determined by the Committee upon the basis of such evidence, including independent medical reports and data, as the Committee deems appropriate or necessary.

3. Exercise of Option

(a) Subject to the other terms of this Agreement regarding the exercisability of the ISO, and provided that Holder is employed by a member of the Hansen Natural Group on the relevant date, the ISO may only be exercised in respect of the number of shares listed in column A from and after the exercise dates listed in column B,

Column "A" Number of Shares -----	Column "B" Exercise Date -----
5,000	January 15, 2005
5,000	January 15, 2006
5,000	January 15, 2007
5,000	January 15, 2008
5,000	January 15, 2009

(b) This ISO may be exercised, to the extent exercisable by its terms, from time to time in whole or in part at any time prior to the expiration thereof. Any exercise shall be accompanied by a written notice to the Company specifying the number of shares as to which this ISO is being exercised (the "Option Shares"). Notations of any partial exercise or installment exercise, shall be made by the Company on Schedule A hereto.

(c) Notwithstanding anything else herein to the contrary, this ISO shall expire ten years from the date of this agreement.

(d) The Holder hereby agrees to notify the Company in writing in the event shares acquired pursuant to the exercise of this ISO are transferred, other than by will or by the laws of descent and distribution, within two years after the date of this agreement or within one year after the issuance of such shares pursuant to such exercise.

4. Payment of Purchase Price Upon Exercise. At the time of any exercise of the ISO the purchase price of the ISO shall be paid in full to the Company in any of the following ways or in any combination of the following ways:

(a) By check or other immediately available funds.

(b) With property consisting of shares of Common Stock. (The shares of Common Stock to be used as payment shall be valued as of the date of exercise of the ISO at the Closing Price as defined below. For example, if Holder exercises the option for 4,000 shares at a total Exercise Price of \$8,000, assuming exercise price of \$2.00 per share, and the Closing Price is \$5.00, he may pay for the 4,000 Option Shares by transferring 1,600 shares of Common Stock to the Company.)

(c) By delivering a properly executed exercise notice together with irrevocable instructions to a broker to deliver promptly to the company the amount of sale or loan proceeds necessary to pay the purchase price and applicable withholding taxes, and such other documents as the Committee may determine.

(d) For purposes of this Agreement, the term "Closing Price" means, with respect to the Company's Common Stock, the last sale price regular-way or, in case no such sale takes place on such date, the average of the closing bid and asked prices regular-way on the principal national securities exchange on which the securities are listed or admitted to trading; or, if they are not listed or admitted to trading on any national securities exchange, the last sale price of the securities on the consolidated transaction reporting system of the National Association of Securities Dealers ("NASD"), if such last sale information is reported on such system or, if not so reported, the average of the closing bid and asked prices of the securities on the National Association of Securities Dealers Automatic Quotation System ("NASDAQ") or any comparable system or, if the securities are not listed on NASDAQ or a comparable system, the average of the closing bid and asked prices as furnished by two members of NASD selected from time to time by the Company for that purpose.

5. Purchase for Investment; Resale Restrictions. Unless at the time of exercise of the ISO there shall be a valid and effective registration statement under the Securities Act of 1933 ("33 Act") and appropriate qualification and registration under applicable state securities laws relating to the Option Shares being acquired, Holder shall upon exercise of the ISO give a representation that he is acquiring such shares for his own account for investment and not with a view to, or for sale in connection with, the resale or distribution of any such shares. In the absence of such registration statement, Holder shall execute a written affirmation, in a form reasonably satisfactory to the Company, of such investment intent. Holder further agrees that he will not sell or transfer any Option Shares until he requests and receives an opinion of the Company's counsel or other counsel reasonably satisfactory to the Company to the effect that such proposed sale or transfer will not result in a violation of the '33 Act, or a registration statement covering the sale or transfer of the shares has been declared effective by the Securities and Exchange Commission, or he obtains a no-action letter from the Securities and Exchange Commission with respect to the proposed transfer.

6. Nontransferability. This ISO shall not be transferable other than by will or by the laws of descent and distribution. During the lifetime of Holder, this ISO shall be exercisable only by Holder.

7. Adjustments.

(a) Subject to clause 7(b) below, if the outstanding shares of stock of the Company are increased, decreased, or exchanged for a different number or

kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to such shares of stock or securities, through merger, consolidation, sale of all or substantially all of the property of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other distribution with respect to such shares of stock or other securities, then, to the extent permitted by the Board of the Company, an appropriate and proportionate adjustment shall be made in (1) the maximum number and kind of shares provided in clause 1 above; (2) the number and kind of shares or other securities subject to the outstanding options and tandem SARs, if any; and (3) the price for each share or other unit of any other securities subject to outstanding options without change in the aggregate purchase price or value as to which the options remain exercisable or subject to restrictions. Any adjustment under this clause 7(a) shall be made by the Board of the Company, whose determination as to what adjustments shall be made, if any, and the extent thereof, will be final, binding and conclusive. No fractional interests will be issued under this agreement resulting from any such adjustment.

(b) Notwithstanding anything else herein to the contrary, the Board of the Company may, at any time, in its sole discretion, provide that upon the occurrence of a change in control of the Company (as determined by the Board), all or a specified portion of any outstanding options not theretofore exercisable shall immediately become exercisable and that any option not exercised prior to such change in control shall be canceled.

8. No Rights as Stockholder. Holder shall have no rights as a stockholder with respect to any shares of Common Stock subject to this ISO prior to the date of issuance to her of a certificate or certificates for such shares.

9. No Right to Continue Employment. This Agreement shall not confer upon Holder any right with respect to continuance of employment with any member of the Hansen Natural Group nor shall it interfere in any way with the right of any such member to terminate her employment at any time.

10. Compliance With Law and Regulation. This Agreement and the obligation of the Company to sell and deliver shares of Common Stock hereunder shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required. If at any time the Board of Directors of the Company shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or federal law, or (ii) the consent or approval of any government regulatory body, is necessary or desirable as a condition of or in connection with the issue or purchase of shares of Common Stock hereunder, this ISO may not be exercised in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

11. Tax Withholding Requirements. The Company shall have the right to require Holder to remit to the Company an amount sufficient to satisfy any federal, state or local withholding tax requirements prior to the delivery of any certificate or certificates for Common Stock.

12. Fractional Shares. Notwithstanding any other provision of this Agreement, no fractional shares of stock shall be issued upon the exercise of this ISO and the Company shall not be under any obligation to compensate Holder in any way for such fractional shares.

13. Notices. Any notice hereunder to the Company shall be addressed to it at its office at 1010 Railroad Street, Corona, California 92882, Attention: Rodney C. Sacks with a copy to Benjamin Polk, Winston & Strawn, 200 Park Avenue, New York, New York 10166, and any notice hereunder to Holder shall be addressed to him at 4472 Torrey Pines Drive, Chino Hills, CA 91709, subject to the right of either party to designate at any time hereafter in writing some other address.

14. Amendment. No modification, amendment or waiver of any of the provisions of this Agreement shall be effective unless in writing specifically referring hereto, and signed by both parties.

15. Governing Law. This Agreement shall be construed according to the laws of the State of Delaware and all provisions hereof shall be administered according to and its validity shall be determined under, the laws of such State,

except where preempted by federal laws.

16. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, Hansen Natural Corporation has caused this Agreement to be executed by a duly authorized officer and Holder has executed this Agreement both as of the day and year first above written.

If the Holder's employment is terminated by a member of the Hansen Natural Group for Cause, the ISO shall expire as of the date employment terminates. If the Holder's employment terminates due to his death or Total Disability, then the ISO may be exercised by Holder or the person or persons to which Holder's rights under this Agreement pass by will, or if no such person has such right, by his executors or administrators, within six months after the date of death or Total Disability, but no later than the expiration date specified in Section 3(c) below. "Cause" means the Holder's act of fraud dishonesty, knowing and material failure to comply with applicable laws or regulations or satisfactorily perform his duties of employment, insubordination or drug or alcohol abuse, as determined by the Committee of the Hansen Natural Corporation Stock Option Plan (the "Committee"). 12,000	January 15, 2007
12,000	January 15, 2008
12,000	January 15, 2009

(b) This ISO may be exercised, to the extent exercisable by its terms, from time to time in whole or in part at any time prior to the expiration thereof. Any exercise shall be accompanied by a written notice to the Company specifying the number of shares as to which this ISO is being exercised (the "Option Shares"). Notations of any partial exercise or installment exercise, shall be made by the Company on Schedule A hereto.

(c) Notwithstanding anything else herein to the contrary, this ISO shall expire ten years from the date of this agreement.

(d) The Holder hereby agrees to notify the Company in writing in the event shares acquired pursuant to the exercise of this ISO are transferred, other than by will or by the laws of descent and distribution, within two years after the date of this agreement or within one year after the issuance of such shares pursuant to such exercise.

4. Payment of Purchase Price Upon Exercise. At the time of any exercise of the ISO the purchase price of the ISO shall be paid in full to the Company in any of the following ways or in any combination of the following ways:

(a) By check or other immediately available funds.

(b) With property consisting of shares of Common Stock. (The shares of Common Stock to be used as payment shall be valued as of the date of exercise of the ISO at the Closing Price as defined below. For example, if Holder exercises the option for 4,000 shares at a total Exercise Price of \$8,000, assuming exercise price of \$2.00 per share, and the Closing Price is \$5.00, he may pay for the 4,000 Option Shares by transferring 1,600 shares of Common Stock to the Company.)

(c) By delivering a properly executed exercise notice together with irrevocable instructions to a broker to deliver promptly to the company the amount of sale or loan proceeds necessary to pay the purchase price and applicable withholding taxes, and such other documents as the Committee may determine.

(d) For purposes of this Agreement, the term "Closing Price" means, with respect to the Company's Common Stock, the last sale price regular-way or, in case no such sale takes place on such date, the average of the closing bid and asked prices regular-way on the principal national securities exchange on which the securities are listed or admitted to trading; or, if they are not listed or admitted to trading on any national securities exchange, the last sale price of the securities on the consolidated transaction reporting system of the National Association of Securities Dealers ("NASD"), if such last sale information is reported on such system or, if not so reported, the average of the closing bid and asked prices of the securities on the National Association of Securities Dealers Automatic Quotation System ("NASDAQ") or any comparable system or, if the securities are not listed on NASDAQ or a comparable system, the average of the closing bid and asked prices as furnished by two members of NASD selected from time to time by the Company for that purpose.

5. Purchase for Investment; Resale Restrictions. Unless at the time of exercise of the ISO there shall be a valid and effective registration statement under the Securities Act of 1933 ("33 Act") and appropriate qualification and registration under applicable state securities laws relating to the Option Shares being acquired, Holder shall upon exercise of the ISO give a representation that he is acquiring such shares for his own account for investment and not with a view to, or for sale in connection with, the resale or distribution of any such shares. In the absence of such registration statement, Holder shall execute a written affirmation, in a form reasonably satisfactory to the Company, of such investment intent. Holder further agrees that he will not sell or transfer any Option Shares until he requests and receives an opinion of the Company's counsel or other counsel reasonably satisfactory to the Company to the effect that such proposed sale or transfer will not result in a violation of the '33 Act, or a registration statement covering the sale or transfer of the shares has been declared effective by the Securities and Exchange Commission, or he obtains a no-action letter from the Securities and Exchange Commission with respect to the proposed transfer.

6. Nontransferability. This ISO shall not be transferable other than by will or by the laws of descent and distribution. During the lifetime of Holder, this ISO shall be exercisable only by Holder.

7. Adjustments.

(a) In the event of any change in the outstanding Common Stock of the Company by reason of any stock recapitalization, merger, consolidation, combination or exchange of shares, the kind of shares subject to the ISO and their purchase price per share (but not the number of shares) shall be appropriately adjusted consistent with such change in such manner as the Board

of Directors of the Company may deem equitable. In the event of a stock dividend or stock split the kind of shares, their purchase price per share and the number of shares shall be appropriately adjusted, consistent with such change in such manner as the Board of Directors may deem equitable. Any adjustment so made shall be final and binding on Holder. No adjustments shall be made that would have the effect of modifying an ISO under Internal Revenue Code Sections 422 and 424.

(b) Notwithstanding anything else herein to the contrary, upon the occurrence of a change in control (as defined in 7(c) below), any portion of the option not theretofore exercisable, shall immediately become exercisable in its entirety and the option (being the Option to purchase shares of Common Stock subject to the applicable provisions of the Plan and awarded in accordance with the Plan in terms of section 1 above) may, with the consent of Holder, be purchased by the Company for cash at a price equal to the fair market value (as defined in 7(c) below) less the purchase price payable by Holder to exercise the option as set out in Article 1 above for one (1) share of Common Stock of the Company multiplied by the number of shares of Common Stock which Holder has the option to purchase in terms of Article 1 above.

(c) For the purposes of this Agreement

9. No Right to Continue Employment. This Agreement shall not confer upon Holder any right with respect to continuance of employment with any member of the Hansen Natural Group nor shall it interfere in any way with the right of any such member to terminate his employment at any time.

10. Compliance With Law and Regulation. This Agreement and the obligation of the Company to sell and deliver shares of Common Stock hereunder shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required. If at any time the Board of Directors of the Company shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or federal law, or (ii) the consent or approval of any government regulatory body, is necessary or desirable as a condition of or in connection with the issue or purchase of shares of Common Stock hereunder, this ISO may not be exercised in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

11. Tax Withholding Requirements. The Company shall have the right to require Holder to remit to the Company an amount sufficient to satisfy any federal, state or local withholding tax requirements prior to the delivery of any certificate or certificates for Common Stock.
